Notes

1 Evidence of Coverage (EOC):

The Evidence of Coverage (EOC) describes the Benefits, limitations, and exclusions that apply to coverage under this benefit Plan. Please review the EOC for more details of coverage outlined in this Summary of Benefits. You can request a copy of the EOC at any time.

Defined terms are in the EOC. Refer to the EOC for an explanation of the terms used in this Summary of Benefits.

2 Calendar Year Deductible (CYD):

Calendar Year Deductible explained. A Deductible is the amount you pay each Calendar Year before Blue Shield pays for Covered Services under the benefit Plan.

If this benefit Plan has any Calendar Year Deductible(s), Covered Services subject to that Deductible are identified with a check mark (✓) in the Benefits chart above.

3 Using Participating Providers:

Participating Providers have a contract to provide health care services to Members. When you receive Covered Services from a Participating Provider, you are only responsible for the Copayment or Coinsurance, once any Calendar Year Deductible has been met.

Your payment for services from "Other Providers." You will pay the Copayment or Coinsurance applicable to Participating Providers for Covered Services received from Other Providers. However, Other Providers do not have a contract to provide health care services to Members and so are not Participating Providers. Therefore, you will also pay all charges above the Allowable Amount. This out-of-pocket expense can be significant.

4 Using Non-Participating Providers:

Non-Participating Providers do not have a contract to provide health care services to Members. When you receive Covered Services from a Non-Participating Provider, you are responsible for both:

- the Copayment or Coinsurance (once any Calendar Year Deductible has been met), and
- any charges above the Allowable Amount (which can be significant).

"Allowable Amount" is defined in the EOC. In addition:

- Any Coinsurance is determined from the Allowable Amount.
- Any charges above the Allowable Amount are not covered, do not count towards the Out-of-Pocket Maximum, and are your responsibility for payment to the provider. This out-of-pocket expense can be significant.
- Some Benefits from Non-Participating Providers have the Allowable Amount listed in the Benefits chart as a specific dollar (\$) amount. You are responsible for any charges above the Allowable Amount, whether or not an amount is listed in the Benefits chart.

5 Calendar Year Out-of-Pocket Maximum (OOPM):

Your payment after you reach the Calendar Year OOPM. You will continue to pay all charges for the following Covered Services after the Calendar Year Out-of-Pocket Maximum is met:

- dialysis center Benefits: dialysis services from a Non-Participating Provider
- Benefit maximum: charges for services after any Benefit limit is reached

Essential health benefits count towards the OOPM.

This benefit Plan has a Participating Provider OOPM as well as a combined Participating Provider and Non-Participating Provider OOPM. This means that any amounts you pay towards your Participating Provider OOPM also count towards your combined Participating and Non-Participating Provider OOPM.

Family coverage has an individual OOPM within the Family OOPM. This means that the OOPM will be met for an individual with Family coverage who meets the individual OOPM prior to the Family meeting the Family OOPM within a Calendar Year.

6 Separate Member Payments When Multiple Covered Services are Received:

Each time you receive multiple Covered Services, you might have separate payments (Copayment or Coinsurance) for each service. When this happens, you may be responsible for multiple Copayments or Coinsurance. For example, you may owe an office visit Copayment in addition to an allergy serum Copayment when you visit the doctor for an allergy shot.

7 Preventive Health Services:

If you only receive Preventive Health Services during a Physician office visit, there is no Copayment or Coinsurance for the visit. If you receive both Preventive Health Services and other Covered Services during the Physician office visit, you may have a Copayment or Coinsurance for the visit.

8 Outpatient Prescription Drug Coverage:

Medicare Part D-creditable coverage-

This benefit Plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this benefit plan's prescription drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you have a later break in this coverage of 63 days or more before enrolling in Medicare Part D you could be subject to payment of higher Medicare Part D premiums.

9 Outpatient Prescription Drug Coverage:

Brand Drug coverage when a Generic Drug is available. If you, the Physician, or Health Care Provider, select a Brand Drug when a Generic Drug equivalent is available, you are responsible for the difference between the cost to Blue Shield for the Brand Drug and its Generic Drug equivalent plus the tier 1 Copayment or Coinsurance. This difference in cost will not count towards any Calendar Year pharmacy Deductible, medical Deductible, or the Calendar Year Out-of-Pocket Maximum.

Request for Medical Necessity Review. If you or your Physician believes a Brand Drug is Medically Necessary, either person may request a Medical Necessity Review. If approved, the Brand Drug will be covered at the applicable Drug tier Member payment.

Short-Cycle Specialty Drug program. This program allows initial prescriptions for select Specialty Drugs to be filled for a 15-day supply with your approval. When this occurs, the Copayment or Coinsurance will be pro-rated.

10 Pediatric Dental Coverage:

Pediatric dental benefits are provided through Blue Shield's Dental Plan Administrator (DPA).

Orthodontic Covered Services. The Copayment or Coinsurance for Medically Necessary orthodontic Covered Services applies to a course of treatment even if it extends beyond a Calendar Year. This applies as long as the Member remains enrolled in the Plan.

11 Pediatric Vision Coverage:

Pediatric vision benefits are provided through Blue Shield's Vision Plan Administrator (VPA).

Covered Services from Non-Participating Providers. There is no Copayment or Coinsurance up to the listed Allowable Amount. You pay all charges above the Allowable Amount.

Coverage for frames. If frames are selected that are more expensive than the Allowable Amount established for frames under this Benefit, you pay the difference between the Allowable Amount and the provider's charge.

"Collection frames" are covered with no Member payment from Participating Providers. Retail chain Participating Providers do not usually display the frames as "collection," but a comparable selection of frames is maintained.

"Non-collection frames" are covered up to an Allowable Amount of \$150; however, if the Participating Provider uses:

- wholesale pricing, then the Allowable Amount will be up to \$99.06.
- warehouse pricing, then the Allowable Amount will be up to \$103.64.

Participating Providers using wholesale pricing are identified in the provider directory.

Benefit Plans may be modified to ensure compliance with State and Federal requirements.

PENDING REGULATORY APPROVAL

Introduction to the Blue Shield of California Health Plan

This Blue Shield of California (Blue Shield) Evidence of Coverage describes the health care coverage that is provided under the Group Health Service Contract between Blue Shield and the Contractholder (Employer). A Summary of Benefits is provided with, and is incorporated as part of, this Evidence of Coverage.

Please read both this Evidence of Coverage and Summary of Benefits carefully. Together they explain which services are covered and which are excluded. They also contain information about Member responsibilities, such as payment of Copayments, Coinsurance and Deductibles and obtaining prior authorization for certain services (see the *Benefits Management Program* section).

Capitalized terms in this Evidence of Coverage have special meaning. Please see the *Definitions* section to understand these terms. Please contact Blue Shield with questions about Benefits. Contact information can be found on the last page of this Evidence of Coverage.

How to Use This Health Plan

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Choice of Providers

This Blue Shield health plan is designed for Members to obtain services from Blue Shield Participating Providers and MHSA Participating Providers. However, Members may choose to seek services from Non-Participating Providers for most services. Covered Services obtained from Non-Participating Providers will usually result in a higher share of cost for the Member. Some services are not covered unless rendered by a Participating Provider or MHSA Participating Provider.

Please be aware that a provider's status as a Participating Provider or an MHSA Participating

Provider may change. It is the Member's obligation to verify whether the provider chosen is a Participating Provider or an MHSA Participating Provider prior to obtaining coverage.

Call Customer Service or visit www.blueshieldca.com to determine whether a provider is a Participating Provider. Call the MHSA to determine if a provider is an MHSA Participating Provider. See the sections below and the Summary of Benefits for more details. See the *Out-of-Area Services* section for services outside of California.

Blue Shield Participating Providers

Blue Shield Participating Providers include primary care Physicians, specialists, Hospitals, and Alternate Care Services Providers that have a contractual relationship with Blue Shield to provide services to Members of this Plan. Participating Providers are listed in the Participating Provider directory.

Participating Providers agree to accept Blue Shield's payment, plus the Member's payment of any applicable Deductibles, Copayments, Coinsurance or amounts in excess of specified Benefit maximums as payment-in-full for Covered Services, except as provided under the *Exception for Other Coverage* and the *Reductions - Third Party Liability* sections. This is not true of Non-Participating Providers.

If a Member receives services from a Non-Participating Provider, Blue Shield's payment for that service may be substantially less than the amount billed. The Subscriber is responsible for the difference between the amount Blue Shield pays and the amount billed by the Non-Participating Provider.

If a Member receives services at a facility that is a Participating Provider, Blue Shield's payment for Covered Services provided by a health professional at the Participating Provider facility will be paid at the Participating Provider level of Benefits, whether the health professional is a Participating Provider or Non-Participating Provider. The Member's share of cost will not exceed the Copayment or Coinsurance due to a

Participating Provider under similar circumstances.

Some services are covered only if rendered by a Participating Provider. In these instances, using a Non-Participating Provider could result in a higher share of cost to the Member or no payment by Blue Shield for the services received.

Payment for Emergency Services rendered by a Physician or Hospital that is not a Participating Provider will be based on Blue Shield's Allowable Amount and will be paid at the Participating level of Benefits. The Member is responsible for notifying Blue Shield within 24 hours, or as soon as reasonably possible following medical stabilization of the emergency condition.

The Member should contact Member Services if the Member needs assistance locating a provider in the Member's Service Area. The Plan will review and consider a Member's request for services that cannot be reasonably obtained in network. If a Member's request for services from a Non-Participating Provider or MHSA Non-Participating Provider is approved at an in-network benefit level, the Plan will pay for Covered Services at a Participating Provider level.

Please call Customer Service or visit www.blueshieldca.com to determine whether a provider is a Participating Provider.

MHSA Participating Providers

For Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services, Blue Shield has contracted with a Mental Health Service Administrator (MHSA). The MHSA is a specialized health care service plan licensed by the California Department of Managed Health Care, and will underwrite and deliver Blue Shield's Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services through a separate network of MHSA Participating Providers.

MHSA Participating Providers are those providers who participate in the MHSA network and have contracted with the MHSA to provide Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services to Members of

this Plan. A Blue Shield Participating Provider may not be an MHSA Participating Provider. It is the Member's responsibility to ensure that the provider selected for Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services is an MHSA Participating Provider. MHSA Participating Providers are identified in the Blue Shield Behavioral Health Provider Directory. Additionally, Members may contact the MHSA directly by calling 1-877-263-9952.

If a Member receives services at a facility that is an MHSA Participating Provider, MHSA's payment for Mental Health and Substance Use Disorder Services provided by a health professional at the MHSA Participating Provider facility will be paid at the MHSA Participating Provider level of Benefits, whether the health professional is an MHSA Participating Provider or MHSA Non-Participating Provider. The Member's share of cost will not exceed the Copayment or Coinsurance due to an MHSA Participating Provider under similar circumstances.

Continuity of Care

Continuity of care with a Non-Participating Provider is available for the following Members: for Members who are currently seeing a provider who is no longer in the Blue Shield network; or for newly-covered Members whose previous health plan was withdrawn from the market.

Members who meet the eligibility requirements listed above may request continuity of care if they are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness. Continuity of care may also be requested for children who are up to 36 months old, or for Members who have received authorization from a now-terminated provider for surgery or another procedure as part of a documented course of treatment.

To request continuity of care, visit www.blueshieldca.com and fill out the Continuity of Care Application. Blue Shield will review the

request. The Non-Participating Provider must agree to accept Blue Shield's Allowable Amount as payment in full for ongoing care. When authorized, the Member may continue to see the Non-Participating Provider for up to 12 months at the Participating Provider rate.

Second Medical Opinion Policy

Members who have questions about their diagnoses, or believe that additional information concerning their condition would be helpful in determining the most appropriate plan of treatment, may make an appointment with another Physician for a second medical opinion. The Member's attending Physician may also offer a referral to another Physician for a second opinion.

The second opinion visit is subject to the applicable Copayment, Coinsurance, Calendar Year Deductible and all Plan contract Benefit limitations and exclusions.

Services for Emergency Care

The Benefits of this Plan will be provided for Emergency Services received anywhere in the world for the emergency care of an illness or injury.

For Emergency Services from either a Participating Provider or a Non-Participating Provider, the Member is only responsible for the applicable Deductible, Copayment or Coinsurance as shown in the Summary of Benefits, and is not responsible for any Allowable Amount Blue Shield is obligated to pay.

Members who reasonably believe that they have an Emergency Medical Condition which requires an emergency response are encouraged to use the "911" emergency response system (where available) or seek immediate care from the nearest Hospital. For the lowest out-of-pocket expenses, covered non-Emergency Services or emergency room follow-up services (e.g., suture removal, wound check, etc.) should be received in a Participating Provider's office.

NurseHelp 24/7SM

The NurseHelp 24/7 program offers Members access to registered nurses 24 hours a day, seven days a week. Registered nurses can provide assistance in answering many health-related questions, including concerns about:

- 1) symptoms the patient is experiencing;
- 2) minor illnesses and injuries;
- 3) chronic conditions;
- 4) medical tests and medications; and
- 5) preventive care.

Members may obtain this service by calling the toll-free telephone number at 1-877-304-0504 or by participating in a live online chat at www.blueshieldca.com. There is no charge for this confidential service.

In the case of a medical emergency, call 911. For personalized medical advice, Members should consult with their physicians.

Retail-Based Health Clinics

Retail-based health clinics are outpatient facilities, usually attached or adjacent to retail stores and pharmacies that provide limited, basic medical treatment for minor health issues. They are staffed by nurse practitioners, under the direction of a physician, and offer services on a walk-in basis. Covered Services received from retail-based health clinics will be paid on the same basis and at the same Benefit levels as other Covered Services shown in the Summary of Benefits. Retail-based health clinics may be found in the Participating Provider directory or the online provider directory located at www.blueshieldca.com. See the *Blue Shield Participating Providers* section for information on the advantages of choosing a Participating Provider.

Blue Shield Online

Blue Shield's Internet site is located at www.blueshieldca.com. Members with Internet access may view and download healthcare information.

Timely Access to Care

Blue Shield provides the following guidelines to provide Members timely access to care from Participating Providers.

Urgent Care	Access to Care

For Services that do need prior approval	Within 96 hours
Non-Urgent Care	Access to Care

More information for interpreter services is located in the *Notice of the Availability of Language Assistance Services* section of this EOC.

Health Education and Health Promotion Services

Blue Shield offers a variety of health education and health promotion services including, but not limited to, a prenatal health education program, interactive online healthy lifestyle programs, and a monthly e-newsletter.

Cost-Sharing

The Summary of Benefits provides the Member's Copayment, Coinsurance, Calendar Year Deductible and Calendar Year Out-of-Pocket Maximum amounts.

Calendar Year Medical Deductible

The Calendar Year Medical Deductible is the amount an individual or a Family must pay for Covered Services each year before Blue Shield begins payment in accordance with this Evidence of Coverage. The Calendar Year Medical Deductible does not apply to all plans. When applied, this Deductible accrues to the Calendar Year Out-of-Pocket Maximum. Information specific to the Member's Plan is provided in the Summary of Benefits.

The Summary of Benefits indicates whether or not the Calendar Year Medical Deductible applies to a particular Covered Service.

There are individual and Family Calendar Year Medical Deductible amounts for both Participating Providers and Non-Participating Providers. Deductible amounts for Covered Services provided by Participating Providers, including Covered Services provided at a Participating Provider facility by health professionals who are Non-Participating Providers, accrue to both the Participating Provider and the Non-Participating Provider Medical Deductible. Deductible amounts paid for Covered Services provided by Non-Participating Providers accrue only to the Non-Participating Provider Medical Deductible.

The individual Medical Deductible applies when an individual is covered by the plan. The Family Medical Deductible applies when a Family is covered by the plan.

There is also an individual Medical Deductible within the Family Medical Deductible. This means Blue Shield will pay Benefits for any Family member who meets the individual Medical Deductible amount before the Family Medical Deductible is met.

Once the respective Deductible is reached, Covered Services are paid at the Allowable Amount, less any applicable Copayment or Coinsurance, for the remainder of the Calendar Year.

For Covered Services received from Non-Participating Providers, excluding Covered Services provided at a Participating Provider facility by a health professional who is a Non-Participating Provider, the Member is responsible for the applicable Copayment or Coinsurance and for amounts billed in excess of Blue Shield's Allowable Amount. Charges in excess of Blue Shield's Allowable Amount do not accrue to the Calendar Year Medical Deductible.

The Calendar Year Medical Deductible also applies to a newborn child or a child placed for adoption who is covered for the first 31 days, even if application is not made to add the child as a Dependent on the Plan. While coverage for this child is being provided, the Family Medical Deductible will apply.

Calendar Year Pharmacy Deductible

The Calendar Year Pharmacy Deductible is the amount a Member must pay each Calendar Year for covered Drugs before Blue Shield begins payment in accordance with the Group Health Service Contract. The Calendar Year Pharmacy Deductible does not apply to all plans. When it does apply, this Deductible accrues to the Calendar Year Out-of-Pocket Maximum. There is an individual Deductible within the Family Calendar Year Pharmacy Deductible. Information specific to the Member's Plan is provided in the Summary of Benefits.

The Summary of Benefits indicates whether or not the Calendar Year Pharmacy Deductible applies to a particular Drug.

Calendar Year Out of Pocket Maximum

The Calendar Year Out-of-Pocket Maximum is the highest Deductible, Copayment and Coinsurance amount an individual or Family is required to pay for designated Covered Services each year. There are separate maximums for Participating Providers and Non-Participating Providers. If a benefit plan

has any Calendar Year Medical Deductible, it will accumulate toward the applicable Calendar Year Out-of-Pocket Maximum. The Summary of Benefits indicates whether or not Copayment and Coinsurance amounts for a particular Covered Service accrue to the Calendar Year Out-of-Pocket Maximum.

There are individual and Family Calendar Year Out-of-Pocket Maximum amounts for both Participating Providers and Non-Participating Providers. Deductible, Copayment and Coinsurance amounts paid for Covered Services provided by Participating Providers, including Covered Services provided at a Participating Provider facility by health professionals who are Non-Participating Providers, accrue to both the Participating Provider and the Non-Participating Provider Out-of-Pocket Maximum. Deductible, Copayment and Coinsurance amounts paid for Covered Services provided by Non-Participating Providers accrue only to the Non-Participating Provider Out-of-Pocket Maximum.

There is also an individual Out-of-Pocket Maximum within the Family Calendar Year Out-of-Pocket Maximum. This means that any Family member who meets the individual Out-of-Pocket Maximum will receive 100% Benefits for Covered Services, before the Family Out-of-Pocket Maximum is met.

The Summary of Benefits provides the Calendar Year Out-of-Pocket Maximum amounts for Participating Providers and Non-Participating Providers at both the individual and Family levels. When the respective maximum is reached, Covered Services will be paid by Blue Shield at 100% of the Allowable Amount or contracted rate for the remainder of the Calendar Year.

Charges for services that are not covered, charges in excess of the Allowable Amount or contracted rate, and additional charges assigned to the Member under the Benefits Management Program do not accrue to the Calendar Year Out-of-Pocket Maximum and continue to be the Member's responsibility after the Calendar Year Out-of-Pocket Maximum is reached.

Prior Carrier Deductible Credit

If a Member satisfies all or part of a medical Deductible under a health plan sponsored by the Employer under any of the following circumstances, that amount will be applied to the Deductible required under this health plan within the same Calendar Year:

- 1) The Member was enrolled in a health plan sponsored by the Employer with a prior carrier during the same Calendar Year this Contract becomes effective and the Member enrolls as of the original effective date of coverage under this Contract;
- 2) The Member was enrolled under another Blue Shield plan sponsored by the same Employer which is being replaced by this health plan;
- 3) The Member was enrolled under another Blue Shield plan sponsored by the same Employer and is transferring to this health plan during the Employer's Open Enrollment Period.

This Prior Carrier Deductible Credit provision applies only in the circumstances described above.

Submitting a Claim Form

Participating Providers submit claims for payment directly to Blue Shield, however there may be times when Members and Non-Participating Providers need to submit claims.

Except in the case of Emergency Services, Blue Shield will pay Members directly for services rendered by a Non-Participating Provider. Claims for payment must be submitted to Blue Shield within one year after the month services were provided. Blue Shield will notify the Member of its determination within 30 days after receipt of the claim.

To submit a claim for payment, send a copy of the itemized bill, along with a completed Blue Shield claim form to the Blue Shield address listed on the last page of this Evidence of Coverage.

Claim forms are available online at www.blueshieldca.com or Members may call Blue Shield Customer Service to obtain a form. At a minimum, each claim submission must contain the

Subscriber's name, home address, group contract number, Subscriber number, a copy of the provider's billing showing the services rendered, dates of treatment and the patient's name.

Members should submit their claims for all Covered Services even if the Calendar Year Deductible has not been met. Blue Shield will keep track of the Deductible for the Member. Blue Shield also provides an Explanation of Benefits to describe how the claim was processed and to inform the Member of any financial responsibility.

Out-of-Area Services

Overview

Blue Shield has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called Inter-Plan Arrangements and they work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever you receive Covered Services outside of California, the claims for those services may be processed through one of these Inter-Plan Arrangements described below.

When you access Covered Services outside of California, but within the United States, the Commonwealth of Puerto Rico, or the U.S. Virgin Islands (BlueCard® Service Area), you will receive the care from one of two kinds of providers. Participating providers contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (Host Blue). Non-participating providers don't contract with the Host Blue. Blue Shield's payment practices for both kinds of providers are described below and in the *Choice of Providers* section of this EOC.

Inter-Plan Arrangements

Emergency Services

Members who experience an Emergency Medical Condition while traveling outside of California should seek immediate care from the nearest Hospital. The Benefits of this plan will be provided anywhere in the world for treatment of an Emergency Medical Condition.

BlueCard Program

Under the *BlueCard*® Program, benefits will be provided for Covered Services received outside of California, but within the BlueCard Service Area. When you receive Covered Services within the geographic area served by a Host Blue, Blue Shield will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers, including direct payment to the provider.

Whenever you receive Covered Services outside of California, within the BlueCard Service Area, and the claim is processed through the *BlueCard* Program, your Member share of cost for these services, if not a flat dollar copayment, is calculated based on the lower of:

- 1) The billed charges for Covered Services; or
- 2) The negotiated price that the Host Blue makes available to Blue Shield.

Often, this negotiated price will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims as noted above. However, such adjustments will not affect the price Blue Shield used for your claim because these adjustments will not be applied retroactively to claims already paid.

To find participating BlueCard providers you can call BlueCard Access® at 1-800-810-BLUE

(2583) or go online at www.bcbs.com and select “Find a Doctor”.

Prior authorization may be required for non-emergency services. Please see the *Benefits Management Program* section for additional information on prior authorization and emergency admission notification.

Non-participating Providers Outside of California

When Covered Services are provided outside of California and within the BlueCard Service Area by non-participating providers, the amount you pay for such services will normally be based on either the Host Blue’s non-participating provider local payment, the Allowable Amount Blue Shield pays a Non-Participating Provider in California if the Host Blue has no non-participating provider allowance, or the pricing arrangements required by applicable state law. In these situations, you will be responsible for any difference between the amount that the non-participating provider bills and the payment Blue Shield will make for Covered Services as set forth in this paragraph.

If you do not see a participating provider through the BlueCard Program, you will have to pay the entire bill for your medical care and submit a claim to the local Blue Cross and/or Blue Shield plan, or to Blue Shield of California for reimbursement. Blue Shield will review your claim and notify you of its coverage determination within 30 days after receipt of the claim; you will be reimbursed as described in the preceding paragraph. Remember, your share of cost is higher when you see a non-participating provider.

Federal or state law, as applicable, will govern payments for out-of-network Emergency Services. Blue Shield pays claims for covered Emergency Services based on the Allowable Amount as defined in this EOC.

Blue Shield Global Core

Care for Covered Urgent and Emergency Services Outside the BlueCard Service Area

If you are outside of the BlueCard® Service Area, you may be able to take advantage of Blue Shield

Global Core when accessing Out-of-Area Covered Health Care Services. Blue Shield Global Core is unlike the BlueCard Program available within the BlueCard Service Area in certain ways. For instance, although Blue Shield Global Core assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard Service Area, you will typically have to pay the provider and submit the claim yourself to obtain reimbursement for these services.

If you need assistance locating a doctor or hospital outside the BlueCard Service Area, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. Provider information is also available online at www.bcbs.com; select “Find a Doctor” and then “Blue Shield Global Core”.

Prior authorization is not required for Emergency Services. In an emergency, go directly to the nearest hospital. Please see the *Benefits Management Program* section for additional information on emergency admission notification.

Submitting a Blue Shield Global Core Claim

When you pay directly for services outside the BlueCard Service Area, you must submit a claim to obtain reimbursement. You should complete a Blue Shield Global Core claim form and send the claim form along with the provider’s itemized bill to the service center at the address provided on the form to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from Blue Shield Customer Service, the service center or online at www.bcbsglobal-core.com. If you need assistance with your claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

Utilization Management

State law requires that health plans disclose to Members and health plan providers the process used to authorize or deny health care services

under the Plan. Blue Shield has completed documentation of this process as required under Section 1363.5 of the California Health and Safety Code. The document describing Blue Shield’s Utilization Management Program is available online at www.blueshieldca.com or Members may call the Customer Service Department at the number provided on the back page of this Evidence of Coverage to request a copy.

Benefits Management Program

The Benefits Management Program applies utilization management and case management principles to assist Members and providers in identifying the most appropriate and cost-effective way to use the Benefits provided under this health plan.

The Benefits Management Program includes prior authorization requirements for various medical benefits including inpatient admissions, outpatient services, and prescription Drugs administered in the office, infusion center or provided by a home infusion agency, as well as emergency admission notification, and inpatient utilization management. The program also includes Member services such as, discharge planning, case management and, palliative care services.

The following sections outline the requirements of the Benefits Management Program.

Prior Authorization

Prior authorization allows the Member and provider to verify with Blue Shield or Blue Shield’s MHSA that (1) the proposed services are a Benefit of the Member’s Plan, (2) the proposed services are Medically Necessary, and (3) the proposed setting is clinically appropriate. The prior authorization process also informs the Member and provider when Benefits are limited to services rendered by Participating Providers or MHSA Participating Providers (See the Summary of Benefits).

For all Prior Authorizations, except prescription Drugs covered under the medical benefit:

A decision will be made on all requests for prior authorization within five business days from receipt of the request. The treating provider will be notified of the decision within 24 hours and written notice will be sent to the Member and provider within two business days of the decision. For Urgent Services when the routine decision making process might seriously jeopardize the life or health of a Member or when the Member is experiencing severe pain, a decision will be rendered as soon as possible to accommodate the Member's condition, not to exceed 72 hours from receipt of the request.

For Prior Authorizations of prescription Drugs covered under the medical benefit:

Most prescription Drugs are covered under the *Outpatient Prescription Drug Benefits*. However, Drugs administered in the office, infusion center or provided by a home infusion agency are covered as a medical benefit. For these prescription Drugs, once all required supporting information is received, Blue Shield will provide prior authorization approval or denial, based upon Medical Necessity, within 72 hours in routine circumstances or 24 hours in exigent circumstances. Exigent circumstances exist when a Member has a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when a Member is undergoing a current course of treatment using a Non-Formulary Drug.

If prior authorization is not obtained, and services provided to the Member are determined not to be a Benefit of the Plan, coverage will be denied.

Prior Authorization for Radiological and Nuclear Imaging Procedures

Prior authorization is required for radiological and nuclear imaging procedures. The Member or provider should call 1-888-642-2583 for prior authorization of the following radiological and nuclear imaging procedures when performed within California on an outpatient, non-emergency basis:

- 1) CT (Computerized Tomography) scan
- 2) MRI (Magnetic Resonance Imaging)

- 3) MRA (Magnetic Resonance Angiography)
- 4) PET (Positron Emission Tomography) scan
- 5) Diagnostic cardiac procedure utilizing Nuclear Medicine

For authorized services from a Non-Participating Provider, the Member will be responsible for applicable Deductible, Copayment and Coinsurance amounts and all charges in excess of the Allowable Amount.

If the radiological or nuclear imaging services provided to the Member are determined not to be a Benefit of the Plan, coverage will be denied.

Prior Authorization for Medical Services and Prescription Drugs Included on the Prior Authorization List

The "Prior Authorization List" is a list of designated medical and surgical services and select prescription Drugs that require prior authorization. Members are encouraged to work with their providers to obtain prior authorization. Members and providers may call Customer Service at the telephone number provided on the back page of this Evidence of Coverage to inquire about the need for prior authorization. Members and Providers may also access the Prior Authorization List on the Blue Shield website at www.blueshieldca.com.

Failure to obtain prior authorization for hemophilia home infusion products and services, home infusion/home injectable therapy or routine patient care delivered in a clinical trial for treatment of cancer or life-threatening condition will result in a denial of coverage. To obtain prior authorization, the Member or provider should call Customer Service at the number listed on the back page of this Evidence of Coverage.

For authorized services and Drugs from a Non-Participating Provider, the Member will be responsible for applicable Deductible and Copayment amounts and all charges in excess of the Allowable Amount.

For certain medical services and Drugs, Benefits are limited to services rendered by a Participating Provider. If the medical services or Drugs

provided to the Member are determined not to be a Benefit of the Plan or are not provided by a Participating Provider when required, coverage will be denied.

Prior Authorization for Medical Hospital and Skilled Nursing Facility Admissions

Prior authorization is required for all non-emergency Hospital admissions including admissions for acute medical or surgical care, inpatient Rehabilitative Services, Skilled Nursing care, special transplant and bariatric surgery. The Member or provider should call Customer Service at least five business days prior to the admission. For Special Transplant and Bariatric Services for Residents of Designated Counties, failure to obtain prior authorization will result in a denial of coverage.

When admission is authorized to a Non-Participating Hospital, the Member will be responsible for applicable Deductible, Copayment and Coinsurance amounts and all charges in excess of the Allowable Amount.

If prior authorization is not obtained for an inpatient admission and the services provided to the Member are determined not to be a Benefit of the Plan, coverage will be denied.

Prior authorization is not required for an emergency admission; See the *Emergency Admission Notification* section for additional information.

Prior Authorization for Mental Health, Behavioral Health or Substance Use Disorder Hospital Admissions and Other Outpatient Services

Prior authorization is required for all non-emergency mental health, behavioral health or substance use disorder Hospital admissions including acute inpatient care and Residential Care. The provider should call Blue Shield's Mental Health Service Administrator (MHSA) at 1-877-263-9952 at least five business days prior to the admission. Other Outpatient Mental Health Services and Behavioral Health Treatment, including, but not limited to, Behavioral Health Treatment (BHT), Partial Hospitalization Program

(PHP), Intensive Outpatient Program (IOP), and Transcranial Magnetic Stimulation (TMS) must also be prior authorized by the MHSA except for electroconvulsive therapy and Psychological Testing. Outpatient Substance Use Disorder Services, including, but not limited to, Intensive Outpatient Program (IOP), Office-Based Opioid Detoxification and/or Maintenance Therapy must be prior authorized except for Psychological Testing. If prior authorization is not obtained for a mental health or substance use disorder inpatient admission or for any Other Outpatient Mental Services and Behavioral Health Treatment, or Outpatient Substance Use Disorder Services and the services provided to the Member are determined not to be a Benefit of the Plan, coverage will be denied.

For an authorized admission to a Non-Participating Hospital or authorized Other Outpatient Mental Health Services and Behavioral Health Treatment, and Outpatient Substance Use Disorder Services from a Non-Participating Provider, the Member will be responsible for applicable Deductible and Copayment amounts and all charges in excess of the Allowable Amount.

Prior authorization is not required for an emergency admission; See the *Emergency Admission Notification* section for additional information.

Emergency Admission Notification

When a Member is admitted to the Hospital for Emergency Services, Blue Shield should receive emergency admission notification within 24 hours or as soon as it is reasonably possible following medical stabilization.

Inpatient Utilization Management

Most inpatient Hospital admissions are monitored for length of stay; exceptions are noted below. The length of an inpatient Hospital stay may be extended or reduced as warranted by the Member's condition. When a determination is made that the Member no longer requires an inpatient level of care, written notification is given to the attending Physician and the Member. If discharge does not

occur within 24 hours of notification, the Member is responsible for all inpatient charges accrued beyond the 24 hour time frame.

Maternity Admissions: the minimum length of the inpatient stay is 48 hours for a normal, vaginal delivery or 96 hours for a Cesarean section unless the attending Physician, in consultation with the mother, determines a shorter inpatient stay is adequate.

Mastectomy: The length of the inpatient stay is determined post-operatively by the attending Physician in consultation with the Member.

Discharge Planning

If further care at home or in another facility is appropriate following discharge from the Hospital, Blue Shield or Blue Shield's MHSA will work with the Member, the attending Physician and the Hospital discharge planners to determine the most appropriate and cost effective way to provide this care.

Case Management

The Benefits Management Program may also include case management, which is a service that provides the assistance of a health care professional to help the Member access necessary services and to make the most efficient use of Plan Benefits. The Member's nurse case manager may also arrange for alternative care benefits to avoid prolonged or repeated hospitalizations, when medically appropriate. Alternative care benefits are only utilized by mutual consent of the Member, the provider, and Blue Shield or Blue Shield's MHSA, and will not exceed the standard Benefits available under this Plan.

The approval of alternative benefits is specific to each Member for a specified period of time. Such approval should not be construed as a waiver of Blue Shield's right to thereafter administer this health plan in strict accordance with its express terms. Blue Shield is not obligated to provide the same or similar alternative care benefits to any other Member in any other instance.

Palliative Care Services

In conjunction with Covered Services, Blue Shield provides palliative care services for Members with serious illnesses. Outpatient Prescription Drug Benefits

This plan provides benefits for Outpatient Prescription Drugs as specified in this section.

A Physician or Health Care Provider must prescribe all Drugs covered under this Benefit, including over-the-counter items. Members must obtain all Drugs from a Participating Pharmacy, except as noted below.

Some Drugs, most Specialty Drugs, and prescriptions for Drugs exceeding specific quantity limits require prior authorization by Blue Shield for Medical Necessity, as described in the *Prior Authorization/Exception Request Process/Step Therapy* section. The Member or their Physician or Health Care Provider may request prior authorization from Blue Shield.

Outpatient Drug Formulary

Blue Shield's Drug Formulary is a list of Food and Drug Administration (FDA)-approved preferred Generic and Brand Drugs that assists Physicians and Health Care Providers to prescribe Medically Necessary and cost-effective Drugs. Drugs not listed on the Formulary may be covered if the exception request submitted by the Member or the Member's Physician or Health Care Provider is approved by Blue Shield.

Blue Shield's Formulary is established by Blue Shield's Pharmacy and Therapeutics (P&T) Committee. This committee consists of physicians and pharmacists responsible for evaluating drugs for relative safety, effectiveness, health benefit based on the medical evidence, and comparative cost. They also review new drugs, dosage forms, usage and clinical data to update the Formulary four times a year. Note: The Member's Physician or Health Care Provider might prescribe a drug even though the drug is not included on the Formulary.

The Formulary drug list is categorized into drug tiers as described in the chart below. The Member's Copayment or Coinsurance will vary based on the drug tier.

Drug Tier	Description
Tier 1	Most Generic Drugs, and low-cost, Preferred Brand Drugs.
Tier 2	1. Non-preferred Generic Drugs; 2. Preferred Brand Name Drugs; and 3. Any other Drugs recommended by the plan's Pharmacy and Therapeutics (P&T) Committee based on drug safety, efficacy and cost.
Tier 3	1. Non-preferred Brand Name Drugs; 2. Drugs that are recommended by the P&T Committee based on drug safety, efficacy and cost; or 3. Generally, have a preferred and often less costly therapeutic alternative at a lower tier
Tier 4	1. Drugs that are biologics and Drugs that the Food and Drug Administration (FDA) or drug manufacturer requires to be distributed through specialty pharmacies; 2. Drugs that require the Member to have special training or clinical monitoring; or 3. Drugs that cost the health plan (net of rebates) more than \$600 for a one-month supply.

Members can find the Drug Formulary at <https://www.blueshieldca.com/bsca/pharmacy/home.sp>. Members can also contact Customer Service at the number provided on the back page of this Evidence of Coverage to ask if a specific Drug is included in the Formulary, or to request a printed copy of the Formulary.

Obtaining Outpatient Prescription Drugs at a Participating Pharmacy

The Member must present a Blue Shield Identification Card at a Participating Pharmacy to obtain Drugs. The Member can obtain prescription Drugs at any retail Participating Pharmacy unless the Drug is a Specialty Drug.

Refer to the section *Obtaining Specialty Drugs through the Specialty Drug Program* for additional information. The Member can locate a retail Participating Pharmacy by visiting <https://www.blueshieldca.com/bsca/pharmacy/home.sp> or by calling Customer Service at the number listed on the Identification Card. If the Member obtains Drugs at a Non-Participating Pharmacy or without a Blue Shield Identification Card, Blue Shield will deny the claim, unless it is for Emergency Services.

Blue Shield negotiates contracted rates with Participating Pharmacies for Drugs. If the Member's Plan has a Calendar Year Pharmacy Deductible, the Member is responsible for paying the contracted rate for Drugs until the Calendar Year Deductible is met.

The Member must pay the applicable Copayment or Coinsurance for each prescription when the Member obtains it from a Participating Pharmacy. When the Participating Pharmacy's contracted rate is less than the Member's Copayment or Coinsurance, the Member only pays the contracted rate. There is no Copayment or Coinsurance for generic FDA-approved contraceptive Drugs and devices obtained from a Participating Pharmacy. Brand contraceptives are covered without a Copayment or Coinsurance when Medically Necessary. See *Prior Authorization/Exception Request Process/Step Therapy* section.

Drugs not listed on the Formulary may be covered when Medically Necessary and by submitting an exception request to Blue Shield. If approved, Drugs that are categorized as Tier 4 will be covered at the Tier 4 Copayment or Coinsurance (refer to the Drug Tier table in the *Outpatient Drug Formulary* section of this Evidence of Coverage.). For all other Drugs, the Tier 3 Copayment or Coinsurance applies when prior authorization is obtained. If an exception is not obtained, the Member is responsible for paying 100% of the cost of the Drug(s).

If the Member, their Physician or Health Care Provider selects a Brand Drug when a Generic Drug equivalent is available, the Member pays the

difference in cost, plus the Tier 1 Copayment or Coinsurance. This is calculated by taking the difference between the Participating Pharmacy's contracted rate for the Brand Drug and the Generic Drug equivalent, plus the Tier 1 Copayment or Coinsurance. For example, the Member selects Brand Drug A when there is an equivalent Generic Drug A available. The Participating Pharmacy's contracted rate for Brand Drug A is \$300, and the contracted rate for Generic Drug A is \$100. The Member would be responsible for paying the \$200 difference in cost, plus the Tier 1 Copayment or Coinsurance. This difference in cost does not accrue to the Member's Calendar Year Pharmacy Deductible or Out-of-Pocket Maximum responsibility.

If the Member or their Physician or Health Care Provider believes the Brand Drug is Medically Necessary, they can request an exception to the difference in cost between the Brand Drug and Generic Drug equivalent through the Blue Shield prior authorization process. The request is reviewed for Medical Necessity. If the request is approved, the Member pays the applicable tier Copayment or Coinsurance for the Brand Drug.

The prior authorization process is described in the *Prior Authorization/Exception Request Process/Step Therapy* section of this Evidence of Coverage.

Emergency Exception for Obtaining Outpatient Prescription Drugs at a Non-Participating Pharmacy

When the Member obtains Drugs from a Non-Participating Pharmacy for Emergency Services:

- The Member must first pay all charges for the prescription,
- Submit a completed Prescription Drug Claim Form to

Blue Shield of California

P.O. Box 419019,
Dept. 191
Kansas City, MO 64141

- Blue Shield will reimburse the Member based on the price the Member paid for the Drug, minus any applicable Deductible, Copayment or Coinsurance.

Claim forms may be obtained by calling Customer Service or visiting www.blueshieldca.com. Claims must be received within one year from the date of service to be considered for payment. Claim submission is not a guarantee of payment.

Obtaining Outpatient Prescription Drugs Through the Mail Service Prescription Drug Program

The Member has an option to use Blue Shield's Mail Service Prescription Drug Program when he or she takes maintenance Drugs for an ongoing condition. This allows the Member to receive up to a 90-day supply of their Drug and may help the Member to save money. The Member may enroll online, by phone, or by mail. Please allow up to 14 days to receive the Drug. The Member's Physician or Health Care Provider must indicate a prescription quantity equal to the amount to be dispensed. Specialty Drugs are not available through the Mail Service Prescription Drug Program.

The Member must pay the applicable Mail Service Prescription Drug Copayment or Coinsurance for each prescription Drug.

Visit www.blueshieldca.com or call Customer Service to get additional information about the Mail Service Prescription Drug Program.

Obtaining Specialty Drugs through the Specialty Drug Program

Specialty Drugs are Drugs requiring coordination of care, close monitoring, or extensive patient training for self-administration that cannot be met by a retail pharmacy and are available at a Network Specialty Pharmacy. Specialty Drugs may also require special handling or manufacturing processes (such as biotechnology), restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty Drugs are generally high cost.

Specialty Drugs are available exclusively from a Network Specialty Pharmacy. A Network Specialty Pharmacy provides Specialty Drugs by mail or, upon the Member's request, will transfer the Specialty Drug to an associated retail store for pickup. See *Emergency Exception for Obtaining Outpatient Prescription Drugs at a Non-Participating Pharmacy*.

A Network Specialty Pharmacy offers 24-hour clinical services, coordination of care with Physicians, and reporting of certain clinical events associated with select Drugs to the FDA. To select a Network Specialty Pharmacy, you may go to <http://www.blueshieldca.com> or call Customer Service.

Go to <http://www.blueshieldca.com> for a complete list of Specialty Drugs. Most Specialty Drugs require prior authorization for Medical Necessity by Blue Shield, as described in the *Prior Authorization/Exception Request Process/Step Therapy* section.

Prior Authorization/Exception Request Process/Step Therapy

Some Drugs and Drug quantities require prior approval for Medical Necessity before they are eligible to be covered by the Outpatient Prescription Drug Benefit. This process is called prior authorization.

The following Drugs require prior authorization:

- 1) Some Formulary, preferred, non-preferred, compound Drugs, and most Specialty Drugs;
- 2) Drugs exceeding the maximum allowable quantity based on Medical Necessity and appropriateness of therapy;
- 3) Brand contraceptives may require prior authorization to be covered without a Copayment or Coinsurance;
- 4) When a Brand Drug is Medically Necessary, prior authorization is required if the Member, Physician or Health Care Provider is requesting an exception to the difference in cost between the Brand Drug and the Generic equivalent;

Blue Shield covers compounded medication(s) when:

- The compounded medication(s) include at least one Drug,
- There are no FDA-approved, commercially available, medically appropriate alternatives,
- The compounded medication is self-administered, and
- Medical literature supports its use for the diagnosis.

The Member pays the Tier 3 Copayment or Coinsurance for covered compound Drugs.

The Member, their Physician or Health Care Provider may request prior authorization or an exception request for the Drugs listed above by submitting supporting information to Blue Shield. Once Blue Shield receives all required supporting information is received, Blue Shield will provide prior authorization approval or denial, based upon Medical Necessity, within 72 hours in routine circumstances or 24 hours in exigent circumstances. Exigent circumstances exist when a Member has a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when a Member is undergoing a current course of treatment using a Non-Formulary Drug.

To request coverage for a Non-Formulary Drug, the Member, representative, or the Provider may submit an exception request to Blue Shield. Once all required supporting information is received, Blue Shield will approve or deny the exception request, based upon Medical Necessity, within 72 hours in routine circumstances or 24 hours in exigent circumstances.

Step therapy is the process of beginning therapy for a medical condition with Drugs considered first-line treatment or that are more cost-effective, then progressing to Drugs that are the next line in treatment or that may be less cost-effective. Step therapy requirements are based on how the FDA recommends that a drug should be used, nationally recognized treatment guidelines, medical studies, information from the drug manufacturer, and the

relative cost of treatment for a condition. If step therapy coverage requirements are not met for a prescription and your Physician believes the medication is Medically Necessary, the prior authorization process may be utilized and timeframes previously described will also apply.

If Blue Shield denies a request for prior authorization or an exception request, the Member, representative, or the Provider can file a grievance with Blue Shield, as described in the *Grievance Process* section.

Limitation on Quantity of Drugs that May Be Obtained Per Prescription or Refill

- 1) Except as otherwise stated below, the Member may receive up to a 30-day supply of Outpatient Prescription Drugs. If a Drug is available only in supplies greater than 30 days, the Member must pay the applicable retail Copayment or Coinsurance for each additional 30-day supply.
- 2) If the Member or Health Care Provider requests a partial fill of a Schedule II Controlled Substance prescription, the Copayment or Coinsurance will be pro-rated. The remaining balance of any partially filled prescription cannot be dispensed more than 30 days from the date the prescription was written.
- 3) Blue Shield has a Short Cycle Specialty Drug Program. With the Member's agreement, designated Specialty Drugs may be dispensed for a 15-day trial supply at a pro-rated Copayment or Coinsurance for an initial prescription. This program allows the Member to receive a 15-day supply of the Specialty Drug and determine whether the Member will tolerate it before he or she obtains the full 30-day supply. This program can help the Member save out of pocket expenses if the Member cannot tolerate the Specialty Drug. The Network Specialty Pharmacy will contact the Member to discuss the advantages of the program, which the Member can elect at that time. The Member or their Physician may choose a full 30-day supply for the first fill.

If the Member agrees to a 15-day trial, the Network Specialty Pharmacy will contact the Member prior to dispensing the remaining 15-day supply to confirm that the Member is tolerating the Specialty Drug. The Member can find a list of Specialty Drugs in the Short Cycle Specialty Drug Program by visiting <https://www.blueshieldca.com/bsca/pharmacy/home.sp> or by calling Customer Service.

- 4) You may receive up to a 90-day supply of Drugs in the Mail Service Prescription Drug Program. Note: if your Physician or Health Care Provider writes a prescription for less than a 90-day supply, the mail service pharmacy will dispense that amount and you are responsible for the applicable Mail Service Copayment or Coinsurance. Refill authorizations cannot be combined to reach a 90-day supply.
- 5) Select over-the-counter (OTC) drugs with a United States Preventive Services Task Force (USPSTF) rating of A or B may be covered at a quantity greater than a 30-day supply.
- 6) You may receive up to a 12-month supply of contraceptive Drugs.
- 7) The Member may refill covered prescriptions at a Medically Necessary frequency.

Pediatric Dental Benefits

(Benefits applicable to Member aged 19 and under)

Blue Shield has contracted with a Dental Plan Administrator (DPA). All pediatric dental Benefits will be administered by the DPA. Pediatric dental Benefits are available for Members through the end of the month in which the Member turns 19. Dental services are delivered to our Members through the DPA's Dental PPO ("DPPO") network of Participating Providers. A DPA also contracts with Blue Shield to serve as a claims administrator for the processing of claims for services received from Non-Participating Dentists.

If the Member purchased a family dental plan that includes a supplemental pediatric dental Benefits on the Health Benefits Exchange, embedded the pediatric dental Benefits covered under this Plan will be paid first, with the supplemental pediatric dental plan covering non-covered services and/or cost sharing as described in the Member's family dental Evidence of Coverage.

If the Member has any questions regarding the pediatric dental Benefits described in this Evidence of Coverage, needs assistance, or has any problems, they may contact the Dental Member Services Department at: 1-800-286-7401.

Before Obtaining Dental Services

The Member is responsible for assuring that the Dentist they choose is a Participating Dentist. Note: A Participating Dentist's status may change. It is the Member's obligation to verify whether the

Dentist the Member chooses is currently a Participating Dentist in case there have been any changes to the list of Participating Dentists. A list of Participating Dentists located in the Member's area, can be obtained by contacting the DPA at 1-800-286-7401. The Member may also access a list of Participating Dentists through Blue Shield of California's internet site located at <http://www.blueshieldca.com>. The Member is also responsible for following the Pre-certification of Dental Benefits Program that includes obtaining or assuring that the Dentist obtains Pre-certification of Benefits.

NOTE: The DPA will respond to all requests for pre-certification and prior authorization within 5 business days from receipt of the request. For urgent services in situations in which the routine decision making process might seriously jeopardize the life or health of a Member or when the Member is experiencing severe pain, the DPA will respond within 72 hours from receipt of the request.

Failure to meet these responsibilities may result in the denial of benefits. However, by following the Pre-certification process both the Member and the Dentist will know in advance which services are covered and the benefits that are payable.

Participating Dentists

The Blue Shield of California Dental DPPO Plan is specifically designed for Members to use Participating Dentists. Participating Dentists agree to accept the DPA's payment, plus the Member's payment of any applicable deductible and coinsurance amount, as payment in full for covered services. This is not true of Non-Participating Dentists.

If the Member goes to a Non-Participating Dentist, the Member will be reimbursed up to a pre-determined maximum amount, for covered services. The Member's reimbursement may be substantially less than the billed amount. The Member is responsible for all differences between the amount the Member is reimbursed and the amount billed by Non-Participating Dentists. It is therefore to the Member's advantage to obtain dental services from Participating Dentists.

Participating Providers submit claims for payment after their services have been rendered. These payments go directly to the Participating Provider. The Member or their Non-Participating Providers submits claims for reimbursement after services have been rendered. If the Member receives services from Non-Participating Providers, the Member has the option of having payments sent directly to the Non-Participating Provider or sent directly to the Member. The DPA will notify the Member of its determination within 30 days after receipt of the claim.

Providers do not receive financial incentives or bonuses from Blue Shield of California.

The Member may access a Directory of Participating Dentists through Blue Shield of California's Internet site located at <http://www.blueshieldca.com>. The names of Participating Dentists in the Member's area may also be obtained by contacting the DPA at 1-800-286-7401.

Timely Access to Dental Care Services

Blue Shield provides the following guidelines for timely access to care from Dental Providers:

<u>Service</u>	<u>Access to Care</u>
Urgent Care	Within 72 hours
Non-urgent care	Within 30 business days
Preventive dental care	Within 40 business days
<u>Telephone Inquiries</u>	<u>Access to Care</u>
<u>Access to a dental professional to evaluate the Member's dental concerns and symptoms</u>	<u>Within 30 minutes, 24 hours/day 7 days/week</u>

Note: For availability of interpreter services at the time of the Member's appointment, contact Customer Service at the number shown in the "Customer Service" section of this booklet. More information for interpreter services is located in

the Notice of the Availability of Language Assistance Services section of this EOC.

Financial Responsibility for Continuity of Care Services

If a Member is entitled to receive Services from a terminated provider under the preceding Continuity of Care provision, the responsibility of the Member to that provider for Services rendered under the Continuity of Care provision shall be no greater than for the same Services rendered by a Participating Dentist in the same geographic area.

Pre-certification of Dental Benefits

Before any course of treatment expected to cost more than \$250 is started, the Member should obtain Pre-certification of Benefits. The Member's Dentist should submit the recommended treatment plan and fees together with appropriate diagnostic X-rays to the DPA. The DPA will review the dental treatment plan to determine the benefits payable under the plan. The benefit determination for the proposed treatment plan will then be promptly returned to the Dentist. When the treatment is completed, the Member's claim form should be submitted to the DPA for payment determination. The DPA will notify the Member of its determination within 30 days after receipt of the claim.

The dental plan provides benefits for Covered Services at the most cost-effective level of care that is consistent with professionally recognized standards of care. If there are two or more professionally recognized procedures for treatment of a dental condition, this plan will in most cases provide benefits based on the most cost-effective procedure. The benefits provided under this plan are based on these considerations but the Member and their Dentist make the final decision regarding treatment.

Failure to obtain Pre-certification of Benefits may result in a denial of benefits. If the Pre-certification process is not followed, the DPA will still determine payment by taking into account alternative procedures; services or materials for the dental condition based on professionally recognized standards of dental practice. However,

by following the Pre-certification process both the Member and their Dentist will know in advance which services are covered and the benefits that are payable.

The covered dental expense will be limited to the Allowable Amount for the procedure, service or material which meets professionally recognized standards of quality dental care and is the most cost effective as determined by the DPA. If the Member and their Dentist decide on a more costly procedure, service or material than the DPA determined is payable under the plan, then benefits will be applied to the selected treatment plan up to the benefit maximum for the most cost effective alternative. The Member will be responsible for any charges in excess of the benefit amount. The DPA reserves the right to use the services of dental consultants in the Pre-certification review.

Example:

- 1) If a crown is placed on a tooth which can be restored by a filling, benefits will be based on the filling;
- 2) If a semi-precision or precision partial denture is inserted, benefits may be based on a conventional clasp partial denture;
- 3) If a bridge is placed and the Member has multiple unrestored missing teeth, Benefits will be based on a partial denture.

Participating Dentists

When the Member receives covered dental services from a Participating Dentist, the Member will be responsible for a coinsurance amount as outlined in the section entitled Summary of Benefits. Participating Dentists will file claims on the Member's behalf.

Participating Dentists will be paid directly by the plan, and have agreed to accept the DPA's payment, plus the Member's payment of any applicable deductible or coinsurance amount, as payment in full for covered services.

If the covered Member recovers from a third party the reasonable value of covered services rendered by a Participating Dentist, the Participating Dentist who rendered these services is not required to

accept the fees paid by the DPA as payment in full, but may collect from the covered Member the difference, if any, between the fees paid by the DPA and the amount collected by the covered Member for these services.

Non-Participating Dentists

When the Member receives covered services from a Non-Participating Dentist, the Member will be reimbursed up to a specified maximum amount as outlined in the section entitled Summary of Benefits and Member Coinsurance. The Member will be responsible for the remainder of the Dentist's billed charges. The Member should discuss this beforehand with their Dentist if he is not a Participating Dentist. Any difference between the DPA's or Blue Shield of California's payment and the Non-Participating Dentist's charges are the Member's responsibility. Members are expected to follow the billing procedures of the dental office.

If the Member receives covered Services from a Non-Participating Dentist, either the Member or their provider may file a claim using the dental claim form which may be obtained by calling Dental Member Services at:

1-800-286-7401

Claims for all Covered California services should be sent to:

Blue Shield of California
Dental Plan Administrator
P O Box 400
Chico, CA 95927

Procedure for Filing a Claim

Claims for covered dental Services should be submitted on a dental claim form which may be obtained from the DPA or at www.blueshieldca.com. Have the Dentist complete the form and mail it to the DPA Service Center as shown in the Pediatric Dental Benefits Customer Services section.

The DPA will provide payment in accordance with the provisions of this Agreement. The Member will receive an explanation of benefits after the claim has been processed.

All claims for reimbursement must be submitted to the DPA within one (1) year after the month in which the service is rendered. The DPA will notify the Member of its determination within 30 days after receipt of the claim.

Coordination of Dental Benefits

All medical plans include an embedded pediatric dental Benefit. For purposes of coordinating Benefits the medical plan is the primary dental Benefit plan and the pediatric dental plan is the secondary dental Benefit plan.

Emergency Dental Care Services

A dental emergency means, "an unexpected dental condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate dental attention could reasonably be expected to result in any of the following: (1) placing the Member's health in serious jeopardy; (2) serious impairment to bodily functions; (3) subjecting the member to undue suffering."

If the Member is in need of emergency treatment, the Member should contact a Dentist of their choice. Emergency treatment refers only to those dental services required to alleviate pain and suffering. The Member will be directly reimbursed for this treatment up to the maximum allowed under their Plan Benefits.

Initial orthodontic examination (D0140) called the Limited Oral Evaluation must be conducted. This examination includes completion and submission of the completed HLD Score Sheet with the Specialty Referral Request Form. The HLD Score Sheet is the preliminary measurement tool used in determining if the Member qualifies for medically necessary orthodontic services.

Orthodontic procedures are a Benefit only when the diagnostic casts verify a minimum score of 26 points on the Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09) or one of the six automatic qualifying conditions below exist or when there is written documentation of a craniofacial anomaly from a credentialed specialist on their professional letterhead.

Medical Necessity Exclusion

All dental services received must be Medically Necessary Dental Services. The fact that a dentist or other plan Provider may prescribe, order, recommend, or approve a service or supply does not, in itself, determine Medical Necessity.

Alternate Benefits Provision

An alternate benefit provision allows a Benefit to be based on an alternate procedure, which is professionally acceptable and more cost effective. If dental standards indicate that a condition can be treated by a less costly alternative to the service proposed by the attending Dentist, the DPA will pay Benefits based upon the less costly service.

Pediatric Vision Benefits

Blue Shield covers pediatric vision Benefits for individuals through the end of the month in which the Member turns 19 years of age. Blue Shield's pediatric vision Benefits are administered by a contracted Vision Plan Administrator (VPA). The VPA is a vision care service plan licensed by the California Department of Managed Health Care, which contracts with Blue Shield to administer delivery of eyewear and eye exams covered under this pediatric vision Benefit. The VPA also contracts with Blue Shield to serve as a claims administrator for the processing of claims for Covered Services received from Non-Participating Providers.

Principal Benefits and Coverages for Pediatric Vision Benefits

Blue Shield will pay for Covered Services rendered by VPA Participating Providers as indicated in the Summary of Benefits. For Covered Services rendered by Non-Participating Providers, Blue Shield will pay up to the Allowable Amount as shown in the Summary of Benefits. Members will be responsible for all charges in excess of those amounts.

The following is a complete list of Covered Services provided under this pediatric vision Benefit:

- 1) One comprehensive eye examination in a Calendar Year. A comprehensive examination represents a level of service in which a general evaluation of the complete visual system is made. The comprehensive services constitute a single service entity but need not be performed at one session. The service includes history, general medical observation, external and ophthalmoscopic examination, gross visual fields and basic sensorimotor examination. It often includes, as indicated: biomicroscopy, examination for cycloplegia or mydriasis, tonometry, and, usually, a determination of the refractive state unless known, or unless the condition of the media precludes this or it is otherwise contraindicated, as in the presence of trauma or severe inflammation. In addition, it includes dilation if professionally indicated.
- When contact lenses are selected in lieu of eyeglasses, the comprehensive examination Benefit and Allowance covers in full the fitting, evaluation and follow-up care fees for Non-Elective (Medically Necessary) Contact Lenses or standard Elective Contact Lenses by VPA Participating Providers. For non-standard specialty contact lenses (including, but not limited to, toric, multifocal and gas permeable lenses), the comprehensive examination Benefit and Allowance covers the fitting and evaluation equal to the standard contact lenses fitting and evaluation by VPA Participating Providers. The Member is responsible for the difference between the amount Blue Shield pays and the amount billed by the VPA Participating Provider.
- 2) One of the following in a Calendar Year:
 - a) One pair of spectacle lenses which include choice of glass, plastic or polycarbonate lenses, all lens powers (single vision, bifocal, trifocal, lenticular), fashion and gradient tinting, ultraviolet protective coating, and oversized and glass-grey #3 prescription sunglass lenses (Note: Polycarbonate lenses are covered in full for children, monocular patients and patients with prescriptions $> \pm 6.00$ diopters),
 - b) Elective Contact Lenses (for cosmetic reasons or for convenience), or
 - c) Non-Elective (Medically Necessary) Contact Lenses, which are lenses following cataract surgery, or when contact lenses are the only means to correct visual acuity to 20/40 for keratoconus, 20/60 for anisometropia, or for certain conditions of myopia (12 or more diopters), hyperopia (7 or more diopters) astigmatism (over 3 diopters), or other conditions as listed in

the definition of Non-Elective Contact Lenses.

A report from the provider and prior authorization from the contracted VPA is required.

- 3) One frame in a Calendar Year.
- 4) The need for Low Vision Testing is triggered during a comprehensive eye exam. This exam may only be obtained from VPA Participating Providers and only once in a consecutive five Calendar Year period. VPA Participating Providers specializing in low vision care may prescribe optical devices, such as high-power spectacles, magnifiers and telescopes, to maximize the remaining usable vision. One aid per Calendar Year is covered. A report from the provider conducting the initial examination and prior authorization from the VPA is required for both the exam and any prescribed device. Low vision is a bilateral impairment to vision that is so significant that it cannot be corrected with ordinary eyeglasses, contact lenses, or intraocular lens implants. Although reduced central or reading vision is common, low vision may also result from decreased peripheral vision, a reduction or loss of color vision, or the eye's inability to properly adjust to light, contrast, or glare. It can be measured in terms of visual acuity of 20/70 to 20/200.
- 5) One diabetic management referral per calendar year to a Blue Shield disease management program. The contracted VPA will notify Blue Shield's disease management program subsequent to the annual comprehensive eye exam, when the Member is known to have or be at risk for diabetes.

When the Member receives Covered Services from a Non-Participating Provider, the Subscriber or the provider may submit a claim for payment after services have been received. The VPA will make payment directly to the Subscriber. The Subscriber is responsible for any applicable Deductible, Copayment and Coinsurance amounts and for amounts billed in excess of the Allowable Amount. The Subscriber is also responsible for making payment to the Non-Participating Provider.

A listing of VPA Participating Providers may be obtained by calling the VPA at the telephone number listed in the Customer Service section of this Evidence of Coverage.

Choice of Providers for Pediatric Vision Benefits

Members may select any licensed ophthalmologist, optometrist, or optician to provide Covered Services under this pediatric

vision benefit, including providers outside of California. However, Members will usually pay more for services from a Non-Participating Provider. A list of VPA Participating Providers in the Member's local area can be obtained by contacting the VPA at 1-877-601-9083.

The Member should contact Member Services if the Member needs assistance locating a provider in the Member's Service Area. The Plan will review and consider a Member's request for services that cannot be reasonably obtained in network. If a Member's request for services from a Non-Participating Provider is approved at an in-network benefit level, the Plan will pay for Covered Services at a VPA Participating Provider level.

The Subscriber may also obtain a list of VPA Participating Providers online at www.blueshieldca.com.

Time and Payment of Claims

Claims will be paid promptly upon receipt of written proof and determination that Benefits are payable.

Payment of Claims

VPA Participating Providers will submit a claim for Covered Services on line or by claim form obtained from the VPA and are paid directly by Blue Shield of California.

If the Member receives services from a Non-Participating Provider, payment will be made directly to the Subscriber, and the Member is responsible for payment to the Non-Participating Provider.

Eligibility Requirements for Pediatric Vision Benefits

The Member must be actively enrolled in this health plan and must be under the age of 19.

Medical Necessity Exclusion

The Benefits of this health plan are provided only for services that are Medically Necessary. Because a Physician or other provider may prescribe, order, recommend, or approve a service or supply does not, in itself, make it Medically Necessary even though it is not specifically listed as an exclusion or limitation. Blue Shield reserves the right to review all claims to determine if a service or supply is Medically Necessary and may use the

services of Physician consultants, peer review committees of professional societies or Hospitals, and other consultants to evaluate claims.

Limitation for Duplicate Coverage

Medicare Eligible Members

- 1) Blue Shield will provide Benefits before Medicare in the following situations:
 - a) When the Member is eligible for Medicare due to age, if the subscriber is actively working for a group that employs 20 or more employees (as defined by Medicare Secondary Payer laws).
 - b) When the Member is eligible for Medicare due to disability, if the subscriber is covered by a group that employs 100 or more employees (as defined by Medicare Secondary Payer laws).
 - c) When the Member is eligible for Medicare solely due to end stage renal disease during the first 30 months that you are eligible to receive benefits for end-stage renal disease from Medicare.
- 2) Blue Shield will provide Benefits after Medicare in the following situations:
 - a) When the Member is eligible for Medicare due to age, if the subscriber is actively working for a group that employs less than 20 employees (as defined by Medicare Secondary Payer laws).
 - b) When the Member is eligible for Medicare due to disability, if the subscriber is covered by a group that employs less than 100 employees (as defined by Medicare Secondary Payer laws).
 - c) When the Member is eligible for Medicare solely due to end stage renal disease after the first 30 months that you are eligible to receive benefits for end-stage renal disease from Medicare.
 - d) When the Member is retired and age 65 years or older.

When Blue Shield provides Benefits after Medicare, the combined benefits from Medicare and the Blue Shield group plan may be lower but will not exceed the Medicare allowed amount. The Blue Shield group plan Deductible and copayments will be waived.

Medi-Cal Eligible Members

Medi-Cal always provides benefits last.

Qualified Veterans

If the Member is a qualified veteran Blue Shield will pay the reasonable value or Blue Shield's Allowable Amount for Covered Services provided at a Veterans Administration facility for a condition that is not related to military service. If the Member is a qualified veteran who is not on active duty, Blue Shield will pay the reasonable value or Blue Shield's Allowable Amount for Covered Services provided at a Department of Defense facility, even if provided for conditions related to military service.

Members Covered by Another Government Agency

If the Member is entitled to benefits under any other federal or state governmental agency, or by any municipality, county or other political subdivision, the combined benefits from that coverage and this Blue Shield group Plan will equal, but not exceed, what Blue Shield would have paid if the Member was not eligible to receive benefits under that coverage (based on the reasonable value or Blue Shield's Allowable Amount).

Contact Customer Service if you have any questions about how Blue Shield coordinates your group Plan Benefits in the above situations.

Exception for Other Coverage

Participating Providers may seek reimbursement from other third party payers for the balance of their reasonable charges for services rendered under this Plan.

Claims Review

Blue Shield reserves the right to review all claims to determine if any exclusions or other limitations apply. Blue Shield may use the services of Physician consultants, peer review committees of professional societies or Hospitals, and other consultants to evaluate claims.

Reductions – Third Party Liability

If another person or entity, through an act or omission, causes a Member to suffer an injury or illness, and if Blue Shield paid Benefits for that injury or illness, the Member must agree to the provisions listed below. In addition, if the Member is injured and no other person is responsible but the Member receives (or is entitled to) a recovery from another source, and if Blue Shield paid Benefits for that injury, the Member must agree to the following provisions.

- 1) All recoveries the Member or his or her representatives obtain (whether by lawsuit, settlement, insurance or otherwise), no matter how described or designated, must be used to reimburse Blue Shield in full for Benefits Blue Shield paid. Blue Shield's share of any recovery extends only to the amount of Benefits it has paid or will pay the Member or the Member's representatives. For purposes of this provision, Member's representatives include, if applicable, the Member's heirs, administrators, legal representatives, parents (if the Member is a minor), successors or assignees. This is Blue Shield's right of recovery.
- 2) Blue Shield is entitled under its right of recovery to be reimbursed for its Benefit payments even if the Member is not "made whole" for all of his or her damages in the recoveries that the Member receives. Blue Shield's right of recovery is not subject to reduction for attorney's fees and costs under the "common fund" or any other doctrine.
- 3) Blue Shield will not reduce its share of any recovery unless, in the exercise of Blue Shield's discretion, Blue Shield agrees in writing to a reduction (1) because the Member

does not receive the full amount of damages that the Member claimed or (2) because the Member had to pay attorneys' fees.

- 4) The Member must cooperate in doing what is reasonably necessary to assist Blue Shield with its right of recovery. The Member must not take any action that may prejudice Blue Shield's right of recovery.

If the Member does seek damages for his or her illness or injury, the Member must tell Blue Shield promptly that the Member has made a claim against another party for a condition that Blue Shield has paid or may pay Benefits for, the Member must seek recovery of Blue Shield's Benefit payments and liabilities, and the Member must tell us about any recoveries the Member obtains, whether in or out of court. Blue Shield may seek a first priority lien on the proceeds of the Member's claim in order to reimburse Blue Shield to the full amount of Benefits Blue Shield has paid or will pay. The amount Blue Shield seeks as restitution, reimbursement or other available remedy will be calculated in accordance with California Civil Code Section 3040.

Blue Shield may request that the Member sign a reimbursement agreement consistent with this provision.

Further, if the Member receives services from a Participating Hospital for such injuries or illness, the Hospital has the right to collect from the Member the difference between the amount paid by Blue Shield and the Hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Member for medical expenses. The Hospital's right to collect shall be in accordance with California Civil Code Section 3045.1.

IF THIS PLAN IS PART OF AN EMPLOYEE WELFARE BENEFIT PLAN SUBJECT TO THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974 ("ERISA"), THE MEMBER IS ALSO REQUIRED TO DO THE FOLLOWING:

- 1) Ensure that any recovery is kept separate from and not comingled with any other funds or the

Member's general assets and agree in writing that the portion of any recovery required to satisfy the lien or other right of recovery of Blue Shield is held in trust for the sole benefit of Blue Shield until such time it is conveyed to Blue Shield;

- 2) Direct any legal counsel retained by the Member or any other person acting on behalf of the Member to hold that portion of the recovery to which Blue Shield is entitled in trust for the sole benefit of Blue Shield and to comply with and facilitate the reimbursement to Blue Shield of the monies owed.

Coordination of Benefits

Coordination of Benefits is utilized when a Member is covered by more than one group health plan. Payments for allowable expenses will be coordinated between the two plans up to the maximum benefit amount payable by each plan separately. Coordination of Benefits ensures that benefits paid by multiple group health plans do not exceed 100% of allowable expenses. The coordination of benefits rules also provide consistency in determining which group health plan is primary and avoid delays in benefit payments. Blue Shield follows the rules for Coordination of Benefits as outlined in the California Code of Regulations, Title 28, Section 1300.67.13 to determine the order of benefit payments between two group health plans. The following is a summary of those rules.

- 1) When a plan does not have a coordination of benefits provision, that plan will always provide its benefits first. Otherwise, the plan covering the Member as an employee will provide its benefits before the plan covering the Member as a Dependent.
- 2) Coverage for dependent children:
 - a) When the parents are not divorced or separated, the plan of the parent whose date of birth (month and day) occurs earlier in the year is primary.
 - b) When the parents are divorced and the specific terms of the court decree state that

one of the parents is responsible for the health care expenses of the child, the plan of the responsible parent is primary.

- c) When the parents are divorced or separated, there is no court decree, and the parent with custody has not remarried, the plan of the custodial parent is primary.
- d) When the parents are divorced or separated, there is no court decree, and the parent with custody has remarried, the order of payment is as follows:
 - i. The plan of the custodial parent
 - ii. The plan of the stepparent
 - iii. The plan of the non-custodial parent.
- 3) If the above rules do not apply, the plan which has covered the Member for the longer period of time is the primary plan. There may be exceptions for laid-off or retired employees.
- 4) When Blue Shield is the primary plan, Benefits will be provided without considering the other group health plan. When Blue Shield is the secondary plan and there is a dispute as to which plan is primary, or the primary plan has not paid within a reasonable period of time, Blue Shield will provide Benefits as if it were the primary plan.
- 5) Anytime Blue Shield makes payments over the amount they should have paid as the primary or secondary plan, Blue Shield reserves the right to recover the excess payments from the other plan or any person to whom such payments were made.

These Coordination of Benefits rules do not apply to the programs included in the *Limitation for Duplicate Coverage* section.

Conditions of Coverage

Eligibility and Enrollment

To enroll and continue enrollment, a Subscriber must be an eligible Employee and meet all of the eligibility requirements for coverage established by the Employer. An Employee is eligible for

coverage as a Subscriber the day following the date he or she completes the Waiting Period established by the Employer. The Employee's spouse or Domestic Partner and all Dependent children are eligible for coverage at the same time.

An Employee or the Employee's Dependents may enroll when initially eligible or during the Employer's annual Open Enrollment Period. Under certain circumstances, an Employee and Dependents may qualify for a Special Enrollment Period. Other than the initial opportunity to enroll, the Employer's annual Open Enrollment period, or a Special Enrollment Period, an Employee or Dependent may not enroll in the health program offered by the Employer. Please see the definition of Late Enrollee and Special Enrollment Period in the *Definitions* section for details on these rights. For additional information on enrollment periods, please contact the Employer or Blue Shield.

Dependent children of the Subscriber, spouse, or his or her Domestic Partner, including children adopted or placed for adoption, will be covered immediately after birth, adoption or the placement of adoption for a period of 31 days. In order to have coverage continue beyond the first 31 days, an application must be received by Blue Shield within 60 days from the date of birth, adoption or placement for adoption. If both partners in a marriage or Domestic Partnership are eligible Employees and Subscribers, children may be eligible and may be enrolled as a Dependent of either parent, but not both. Please contact Blue Shield to determine what evidence needs to be provided to enroll a child.

Enrolled disabled Dependent children who would normally lose their eligibility under this health plan solely because of age, may be eligible for coverage if they continue to meet the definition of Dependent. See the *Definitions* section.

The Employer must meet specified Employer eligibility, participation and contribution requirements to be eligible for this group health plan. If the Employer fails to meet these requirements, this coverage will terminate. See the *Termination of Benefits* section of this Evidence of Coverage for further information. Employees will

receive notice of this termination and, at that time, will be provided with information about other potential sources of coverage, including access to individual coverage through Covered California.

Subject to the requirements described under the Continuation of Group Coverage provision in this Evidence of Coverage, if applicable, an Employee and his or her Dependents will be eligible to continue group coverage under this health plan when coverage would otherwise terminate.

Effective Date of Coverage

Blue Shield will notify the eligible Employee/Subscriber of the effective date of coverage for the Employee and his or her Dependents. Coverage starts at 12:01 a.m. Pacific Time on the effective date.

Dependents may be enrolled within 31 days of the Employee's eligibility date to have the same effective date of coverage as the Employee. If the Employee or Dependent is considered a Late Enrollee, coverage will become effective the earlier of 12 months from the date a written request for coverage is made or at the Employer's next Open Enrollment Period. Blue Shield will not consider applications for earlier effective dates unless the Employee or Dependent qualifies for a Special Enrollment Period.

In general, if the Employee or Dependents are Late Enrollees who qualify for a Special Enrollment Period, and the premium payment is delivered or postmarked within the first 15 days of the month, coverage will be effective on the first day of the month after receipt of payment. If the premium payment is delivered or postmarked after the 15th of the month, coverage will be effective on the first day of the second month after receipt of payment.

However, if the Late Enrollee qualifies for a Special Enrollment Period as a result of a birth, adoption, foster care, guardianship, marriage or Domestic Partnership and enrollment is requested by the Employee within 60 days of the event, the effective date of enrollment will be as follows:

- 1) For the case of a birth, adoption, placement for adoption, placement in foster care, or

guardianship, the coverage shall be effective on the date of birth, adoption, placement for adoption, placement in foster care or court order of guardianship.

- 2) For marriage or Domestic Partnership the coverage shall be effective on the date of the establishment of marriage or domestic partnership.

Premiums (Dues)

The monthly Premiums for a Subscriber and any enrolled Dependents are stated in the Contract. Blue Shield will provide the Employer with information regarding when the Premiums are due and when payments must be made for coverage to remain in effect.

All Premiums required for coverage for the Subscriber and Dependents will be paid by the Employer to Blue Shield. Any amount the Subscriber must contribute is set by the Employer. The Employer's rates will remain the same during the Contract's term; the term is the 12-month period beginning with the eligible Employer's effective date of coverage. The Employer will receive notice of changes in Premiums at least 60 days prior to the change. The Employer will notify the Subscriber immediately.

A Subscriber's contribution may change during the contract term (1) if the Employer changes the amount it requires its Employees to pay for coverage; (2) if the Subscriber adds or removes a Dependent from coverage; (3) if a Subscriber moves to a different geographic rating region; or (4) if a Subscriber joins the Plan at a time other than during the annual Open Enrollment Period. Please check with Blue Shield or the Employer on when these contribution changes will take effect.

Grace Period

After payment of the first Premium, the Contractholder is entitled to a grace period of 30 days for the payment of any Premiums due. During this grace period, the Contract will remain in force. However, the Contractholder will be liable for payment of Premiums accruing during the period the Contract continues in force.

Plan Changes

The Benefits and terms of this health plan, including but not limited to, Covered Services, Deductible, Copayment, Coinsurance and annual Out-of-Pocket Maximum amounts, are subject to change at any time. Blue Shield will provide at least 60 days written notice of any such change.

Benefits for services or supplies furnished on or after the effective date of any change in Benefits will be provided based on the change.

Renewal of the Group Health Service Contract

This Contract has a 12-month term beginning with the eligible Employer's effective date of coverage. So long as the Employer continues to qualify for this health plan and continues to offer this Plan to its Employees, Employees and Dependents will have an annual Open Enrollment period of 30 days before the end of the term to make changes to their coverage. The Employer will give notice of the annual Open Enrollment period.

Blue Shield will offer to renew the Employer's Group Health Service Contract except in the following instances:

- 1) non-payment of Premium;
- 2) fraud, misrepresentations or omissions;
- 3) failure to comply with Blue Shield's applicable eligibility, participation or contribution rules;
- 4) termination of plan type by Blue Shield;
- 5) Employer relocates outside of California; or
- 6) Employer is an association and association membership ceases.

Termination of Benefits (Cancellation and Rescission of Coverage)

Except as specifically provided under the Extension of Benefits provision, and, if applicable, the Continuation of Group Coverage provision, there is no right to receive Benefits of this health plan following termination of a Member's coverage.

Cancellation at Member Request

The Member can cancel his or her coverage, including as a result of the Member obtaining other minimum essential coverage, with 14 days' notice to Blue Shield. If coverage is terminated at a Member's request, coverage will end at 11:59 p.m. Pacific Time on (a) the cancellation date specified by the Member if the Member gave 14 days' notice; (b) 14 days after the cancellation is requested, if the Member gave less than 14 days' notice; or (c) a date Blue Shield specifies if the Member gave less than 14 days' notice and the Member requested an earlier termination effective date. If the Member is newly eligible for Medi-Cal, Children's Health Insurance Program (CHIP) or the Basic Health Plan (if a Basic Health Plan is operating in the service area of Covered California), the last day of coverage is the day before such coverage begins.

Cancellation of Member's Enrollment by Blue Shield

Blue Shield may cancel a Member's coverage in this Plan in the following circumstances:

- 1) The Member is no longer eligible for coverage in the Plan.
- 2) Non-payment of Premiums by the Employer for coverage of the Member.
- 3) Termination or decertification of this Blue Shield Plan.
- 4) The Subscriber changes from one health plan to another during the annual Open Enrollment Period or during a Special Enrollment Period.

Blue Shield may cancel the Subscriber and any Dependent's coverage for cause for the following conduct; cancellation is effective immediately upon giving written notice to the Subscriber and Employer:

- 1) Providing false or misleading material information on the enrollment application or otherwise to the Employer or Blue Shield; see the Cancellation/Rescission for Fraud, or Intentional Misrepresentations of Material Fact provision;

- 2) Permitting use of a Member identification card by someone other than the Subscriber or Dependents to obtain Covered Services; or
- 3) Obtaining or attempting to obtain Covered Services under the Group Health Service Contract by means of false, materially misleading, or fraudulent information, acts or omissions.

If the Employer does not meet the applicable eligibility, participation and contribution requirements of the Contract, Blue Shield will cancel this coverage after 30 days' written notice to the Employer.

Any Premiums paid to Blue Shield for a period extending beyond the cancellation date will be refunded to the Employer. The Employer will be responsible to Blue Shield for unpaid Premiums prior to the date of cancellation.

Blue Shield will honor all claims for Covered Services provided prior to the effective date of cancellation.

See the *Cancellation/Rescission for Fraud or Intentional Misrepresentations of Material Fact* section.

Cancellation By The Employer

This health plan may be cancelled by the Employer at any time provided written notice is given to all Employees and Blue Shield to become effective upon receipt, or on a later date as may be specified by the notice.

Cancellation for Employer's Non-Payment of Premiums

Blue Shield may cancel this health plan for non-payment of Premiums. If the Employer fails to pay the required Premiums when due, coverage will terminate upon expiration of the 30-day grace period following notice of termination for nonpayment of premium. The Employer will be liable for all Premium accrued while this coverage continues in force including those accrued during the grace period. Blue Shield will mail the Employer a Cancellation Notice (or Notice Confirming Termination of Coverage). The Employer must provide enrolled Employees with

a copy of the Notice Confirming Termination of Coverage.

Cancellation/Rescission for Fraud or Intentional Misrepresentations of Material Fact

Blue Shield may cancel or rescind the Contract for fraud or intentional misrepresentation of material fact by the Employer, or with respect to coverage of Employees or Dependents, for fraud or intentional misrepresentation of material fact by the Employee, Dependent, or their representative. A rescission voids the Contract retroactively as if it was never effective; Blue Shield will provide written notice to the Employer prior to any rescission.

In the event the contract is rescinded or cancelled, either by Blue Shield or the Employer, it is the Employer's responsibility to notify each enrolled Employee of the rescission or cancellation. Cancellations are effective on receipt or on such later date as specified in the cancellation notice.

If a Member is hospitalized or undergoing treatment for an ongoing condition and the Contract is cancelled for any reason, including non-payment of Premium, no Benefits will be provided unless the Member obtains an Extension of Benefits. (See the *Extension of Benefits* section for more information.)

Date Coverage Ends

Coverage for a Subscriber and all of his or her Dependents ends at 11:59 p.m. Pacific Time on the earliest of these dates: (1) the date the Employer Group Health Service Contract is discontinued; (2) the last day of the month in which the Subscriber's employment terminates, unless a different date has been agreed to between Blue Shield and the Employer; (3) the date as indicated in the Notice Confirming Termination of Coverage that is sent to the Employer (see Cancellation for Non-Payment of Premiums); or (4) the last day of the month in which the Subscriber and Dependents become ineligible for coverage, except as provided below.

Even if a Subscriber remains covered, his Dependents' coverage may end if a Dependent become ineligible. A Dependent spouse becomes

ineligible following legal separation from the Subscriber, entry of a final decree of divorce, annulment or dissolution of marriage from the Subscriber; coverage ends on the last day of the month in which the Dependent spouse became ineligible. A Dependent Domestic Partner becomes ineligible upon termination of the domestic partnership; coverage ends on the last day of the month in which the Domestic Partner becomes ineligible. A Dependent child who reaches age 26 becomes ineligible unless the Dependent child is disabled and qualifies for continued coverage as described in the definition of Dependent. Coverage ends on the last day of the month in which the Dependent child becomes ineligible.

In addition, if a written application for the addition of a newborn or a child placed for adoption is not submitted to and received by Blue Shield within the 60 days following that Dependent's birth or placement for adoption, Benefits under this health plan for that child will end on the 31st day after the birth or placement for adoption at 11:59 p.m. Pacific Time.

If the Subscriber ceases work because of retirement, disability, leave of absence, temporary layoff, or termination, he or she should contact the Employer or Blue Shield for information on options for continued group coverage or individual options. If the Employer is subject to the California Family Rights Act of 1991 and/or the federal Family & Medical Leave Act of 1993, and the approved leave of absence is for family leave under the terms of such Act(s), a Subscriber's payment of Premiums will keep coverage in force for such period of time as specified in such Act(s). The Employer is solely responsible for notifying their Employee of the availability and duration of family leaves.

Reinstatement

If the Subscriber had been making contributions toward coverage for the Subscriber and Dependents and voluntarily cancelled such coverage, he or she should contact Blue Shield or the Employer regarding reinstatement options. If reinstatement is not an option, the Subscriber may have a right to re-enroll if the Subscriber or

Dependents qualify for a Special Enrollment Period (see Special Enrollment Periods in the Definitions section). The Subscriber or Dependents may also enroll during the annual Open Enrollment Period. Enrollment resulting from a Special Enrollment Period or annual Open Enrollment Period is not reinstatement and may result in a gap in coverage.

Extension of Benefits

If a Member becomes Totally Disabled while validly covered under this health plan and continues to be Totally Disabled on the date the Contract terminates, Blue Shield will extend Benefits, subject to all limitations and restrictions, for Covered Services and supplies directly related to the condition, illness or injury causing such Total Disability until the first to occur of the following: (1) twelve months from the date coverage terminated; (2) the date the covered Member is no longer Totally Disabled; or (3) the date on which a replacement carrier provides coverage to the Member.

No extension will be granted unless Blue Shield receives written certification of such Total Disability from a Doctor of Medicine within 90 days of the date on which coverage was terminated, and thereafter at such reasonable intervals as determined by Blue Shield.

Group Continuation Coverage

Please examine group continuation coverage options carefully before declining this coverage.

A Member can continue his or her coverage under this group health plan when the Subscriber's Employer is subject to either Title X of the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended or the California Continuation Benefits Replacement Act (Cal-COBRA). The Subscriber's Employer should be contacted for more information.

In accordance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended and the California Continuation Benefits Replacement Act (Cal-COBRA), a Member may elect to continue group coverage under this Plan if

the Member would otherwise lose coverage because of a Qualifying Event that occurs while the Contractholder is subject to the continuation of group coverage provisions of COBRA or Cal-COBRA. The benefits under the group continuation of coverage will be identical to the benefits that would be provided to the Member if the Qualifying Event had not occurred (including any changes in such coverage).

A Member will not be entitled to benefits under Cal-COBRA if at the time of the qualifying event such Member is entitled to benefits under Title XVIII of the Social Security Act ("Medicare") or is covered under another group health plan. Under COBRA, a Member is entitled to benefits if at the time of the qualifying event such Member is entitled to Medicare or has coverage under another group health plan. However, if Medicare entitlement or coverage under another group health plan arises after COBRA coverage begins, it will cease.

Qualifying Event

A Qualifying Event is defined as a loss of coverage as a result of any one of the following occurrences.

- 1) With respect to the Subscriber:
 - a) the termination of employment (other than by reason of gross misconduct); or
 - b) the reduction of hours of employment to less than the number of hours required for eligibility.
- 2) With respect to the Dependent spouse or Dependent Domestic Partner and Dependent children (children born to or placed for adoption with the Subscriber or Domestic Partner during a COBRA or Cal-COBRA continuation period may be immediately added as Dependents, provided the Contractholder is properly notified of the birth or placement for adoption, and such children are enrolled within 30 days of the birth or placement for adoption):
 - a) the death of the Subscriber;
 - b) the termination of the Subscriber's employment (other than by reason of such Subscriber's gross misconduct);

- c) the reduction of the Subscriber's hours of employment to less than the number of hours required for eligibility;
- d) the divorce or legal separation of the Subscriber from the Dependent spouse or termination of the domestic partnership;
- e) the Subscriber's entitlement to benefits under Title XVIII of the Social Security Act ("Medicare"); or
- f) a Dependent child's loss of Dependent status under this Plan.

Domestic Partners and Dependent children of Domestic Partners cannot elect COBRA on their own, and are only eligible for COBRA if the Subscriber elects to enroll. Domestic Partners and Dependent children of Domestic Partners may elect to enroll in Cal-COBRA on their own.

- 3) For COBRA only, with respect to a Subscriber who is covered as a retiree, that retiree's Dependent spouse and Dependent children, the Employer's filing for reorganization under Title XI, United States Code, commencing on or after July 1, 1986.
- 4) With respect to any of the above, such other Qualifying Event as may be added to Title X of COBRA or the California Continuation Benefits Replacement Act (Cal-COBRA).

Notification of a Qualifying Event

- 1) With respect to COBRA enrollees:

The Member is responsible for notifying the Employer of divorce, legal separation, or a child's loss of Dependent status under this Plan, within 60 days of the date of the later of the Qualifying Event or the date on which coverage would otherwise terminate under this Plan because of a Qualifying Event.

The Employer is responsible for notifying its COBRA administrator (or plan administrator if the Employer does not have a COBRA administrator) of the Subscriber's death, termination, or reduction of hours of employment, the Subscriber's Medicare

entitlement or the Employer's filing for reorganization under Title XI, United States Code.

When the COBRA administrator is notified that a Qualifying Event has occurred, the COBRA administrator will, within 14 days, provide written notice to the Member by first class mail of the Member's right to continue group coverage under this Plan. The Member must then notify the COBRA administrator within 60 days of the later of (1) the date of the notice of the Member's right to continue group coverage or (2) the date coverage terminates due to the Qualifying Event.

If the Member does not notify the COBRA administrator within 60 days, the Member's coverage will terminate on the date the Member would have lost coverage because of the Qualifying Event.

2) With respect to Cal-COBRA enrollees:

The Member is responsible for notifying Blue Shield in writing of the Subscriber's death or Medicare entitlement, of divorce, legal separation, termination of a domestic partnership or a child's loss of Dependent status under this Plan. Such notice must be given within 60 days of the date of the later of the Qualifying Event or the date on which coverage would otherwise terminate under this Plan because of a Qualifying Event. Failure to provide such notice within 60 days will disqualify the Member from receiving continuation coverage under Cal-COBRA.

The Employer is responsible for notifying Blue Shield in writing of the Subscriber's termination or reduction of hours of employment within 30 days of the Qualifying Event.

When Blue Shield is notified that a Qualifying Event has occurred, Blue Shield will, within 14 days, provide written notice to the Member by first class mail of his or her right to continue group coverage under this Plan. The Member must then give Blue Shield notice in writing of the Member's election of continuation

coverage within 60 days of the later of (1) the date of the notice of the Member's right to continue group coverage or (2) the date coverage terminates due to the Qualifying Event. The written election notice must be delivered to Blue Shield by first-class mail or other reliable means.

If the Member does not notify Blue Shield within 60 days, the Member's coverage will terminate on the date the Member would have lost coverage because of the Qualifying Event.

If this Plan replaces a previous group plan that was in effect with the Employer, and the Member had elected Cal-COBRA continuation coverage under the previous plan, the Member may choose to continue to be covered by this Plan for the balance of the period that the Member could have continued to be covered under the previous plan, provided that the Member notify Blue Shield within 30 days of receiving notice of the termination of the previous group plan.

Duration and Extension of Group Continuation Coverage

Cal-COBRA enrollees will be eligible to continue Cal-COBRA coverage under this Plan for up to a maximum of 36 months regardless of the type of Qualifying Event.

COBRA enrollees who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member's continuation coverage began under COBRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends.

Note: COBRA enrollees must exhaust all the COBRA coverage to which they are entitled before they can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of group coverage under COBRA, Cal-COBRA or a combination of COBRA and Cal-COBRA be extended for more than 3 years from the date the Qualifying Event has occurred which originally entitled the Member to continue group coverage under this Plan.

Note: Domestic Partners and Dependent children of Domestic Partners cannot elect COBRA on their own, and are only eligible for COBRA if the Subscriber elects to enroll. Domestic Partners and Dependent children of Domestic Partners may elect to enroll in Cal-COBRA on their own.

Notification Requirements

The Employer or its COBRA administrator is responsible for notifying COBRA enrollees of their right to possibly continue coverage under Cal-COBRA at least 90 calendar days before their COBRA coverage will end. The COBRA enrollee should contact Blue Shield for more information about continuation of coverage under Cal-COBRA. If the enrollee is eligible and chooses to continue coverage under Cal-COBRA, the enrollee must notify Blue Shield of their Cal-COBRA election at least 30 days before COBRA termination.

Payment of Premiums or Dues

Premiums for the Member continuing coverage shall be 102 percent of the applicable group Premium rate if the Member is a COBRA enrollee, or 110 percent of the applicable group Premium rate if the Member is a Cal-COBRA enrollee, except for the Member who is eligible to continue group coverage to 29 months because of a Social Security disability determination, in which case, the Premiums for months 19 through 29 shall be 150 percent of the applicable group Premium rate.

Note: For COBRA enrollees who are eligible to extend group coverage under COBRA to 29 months because of a Social Security disability determination, Premiums for Cal-COBRA coverage shall be 110 percent of the applicable group Premium rate for months 30 through 36.

If the Member is enrolled in COBRA and is contributing to the cost of coverage, the Employer shall be responsible for collecting and submitting all Premium contributions to Blue Shield in the manner and for the period established under this Plan.

Cal-COBRA enrollees must submit Premiums directly to Blue Shield. The initial Premiums must be paid within 45 days of the date the Member

provided written notification to Blue Shield of the election to continue coverage and be sent to Blue Shield by first-class mail or other reliable means. The Premium payment must equal an amount sufficient to pay any required amounts that are due. Failure to submit the correct amount within the 45-day period will disqualify the Member from continuation coverage.

Effective Date of the Continuation of Coverage

The continuation of coverage will begin on the date the Member's coverage under this Plan would otherwise terminate due to the occurrence of a Qualifying Event and it will continue for up to the applicable period, provided that coverage is timely elected and so long as Premiums are timely paid.

Termination of Group Continuation Coverage

The continuation of group coverage will cease if any one of the following events occurs prior to the expiration of the applicable period of continuation of group coverage:

- 1) discontinuance of this group health service contract (if the Employer continues to provide any group benefit plan for employees, the Member may be able to continue coverage with another plan);
- 2) failure to timely and fully pay the amount of required Premiums to the COBRA administrator or the Employer or to Blue Shield as applicable. Coverage will end as of the end of the period for which Premiums were paid;
- 3) the Member becomes covered under another group health plan;
- 4) the Member becomes entitled to Medicare;
- 5) the Member commits fraud or deception in the use of the services of this Plan.

Continuation of group coverage in accordance with COBRA or Cal-COBRA will not be terminated except as described in this provision. In no event will coverage extend beyond 36 months.

Continuation of Group Coverage for Members on Military Leave

Continuation of group coverage is available for Members on military leave if the Member's Employer is subject to the Uniformed Services Employment and Re-employment Rights Act (USERRA). Members who are planning to enter the Armed Forces should contact their Employer for information about their rights under the (USERRA). Employers are responsible to ensure compliance with this act and other state and federal laws regarding leaves of absence including the California Family Rights Act, the Family and Medical Leave Act, Labor Code requirements for Medical Disability.

General Provisions

Liability of Subscribers in the Event of Non-Payment by Blue Shield

In accordance with Blue Shield's established policies, and by statute, every contract between Blue Shield and its Participating Providers stipulates that the Subscriber shall not be responsible to the Participating Provider for compensation for any services to the extent that they are provided in the Member's group contract. Participating Providers have agreed to accept the Blue Shield's payment as payment-in-full for Covered Services, except for Deductibles, Copayments and Coinsurance, and amounts in excess of specified Benefit maximums, or as provided under the *Exception for Other Coverage* and *Reductions-Third Party Liability* sections.

If services are provided by a Non-Participating Provider, the Member is responsible for all amounts Blue Shield does not pay.

When a Benefit specifies a Benefit maximum and that Benefit maximum has been reached, the Member is responsible for any charges above the Benefit maximums.

Right of Recovery

Whenever payment on a claim has been made in error, Blue Shield will have the right to recover such payment from the Subscriber or Member or,

if applicable, the provider or another health benefit plan, in accordance with applicable laws and regulations. Blue Shield reserves the right to deduct or offset any amounts paid in error from any pending or future claim to the extent permitted by law. Circumstances that might result in payment of a claim in error include, but are not limited to, payment of benefits in excess of the benefits provided by the health plan, payment of amounts that are the responsibility of the Subscriber or Member (deductibles, copayments, coinsurance or similar charges), payment of amounts that are the responsibility of another payor, payments made after termination of the Subscriber or Member's eligibility, or payments on fraudulent claims.

No Maximum Aggregate Payment Amount

There is no maximum limit on the aggregate payments by Blue Shield for Covered Services provided under the Contract and this health plan.

No Annual Dollar Limit On Essential Health Benefits

This health plan contains no annual dollar limits on essential health benefits as defined by federal law.

Independent Contractors

Providers are neither agents nor employees of Blue Shield but are independent contractors. In no instance shall Blue Shield be liable for the negligence, wrongful acts, or omissions of any person receiving or providing services, including any Physician, Hospital, or other provider or their employees.

Non-Assignability

Coverage or any Benefits of this Plan may not be assigned without the written consent of Blue Shield. Possession of a Blue Shield ID card confers no right to Covered Services or other Benefits of this Plan. To be entitled to services, the Member must be a Subscriber, or Dependent who has been accepted by the Employer and enrolled by Blue Shield and who has maintained enrollment under the terms of this Contract.

Participating Providers are paid directly by Blue Shield. The Member or the provider of service may not request that payment be made directly to any other party.

If the Member receives services from a Non-Participating Provider, payment will be made directly to the Subscriber, and the Subscriber is responsible for payment to the Non-Participating Provider. The Member or the provider of service may not request that the payment be made directly to the provider of service.

Plan Interpretation

Blue Shield shall have the power and authority to construe and interpret the provisions of this Plan, to determine the Benefits of this Plan and determine eligibility to receive Benefits under this Plan. Blue Shield shall exercise this authority for the benefit of all Members entitled to receive Benefits under this Plan.

External Independent Medical Review

For grievances involving claims or services for which coverage was denied by Blue Shield or by a contracting provider in whole or in part on the grounds that the service is not Medically Necessary or is experimental/investigational (including the external review available under the Friedman-Kowles Experimental Treatment Act of 1996),

Members may choose to make a request to the Department of Managed Health Care to have the matter submitted to an independent agency for external review in accordance with California law. Members normally must first submit a grievance to Blue Shield and wait for at least 30 days before requesting external review; however, if the matter would qualify for an expedited decision as described above or involves a determination that the requested service is experimental/investigational, a Member may immediately request an external review following receipt of notice of denial. A Member may initiate this review by completing an application for external review, a copy of which can be obtained by contacting Customer Service.

The Department of Managed Health Care will review the application and, if the request qualifies for external review, will select an external review agency and have the Member's records submitted to a qualified specialist for an independent determination of whether the care is Medically Necessary. Members may choose to submit additional records to the external review agency for review. There is no cost to the Member for this external review. The Member and the Member's physician will receive copies of the opinions of the external review agency. The decision of the external review agency is binding on Blue Shield; if the external reviewer determines that the service is Medically Necessary, Blue Shield will promptly arrange for the service to be provided or the claim in dispute to be paid.

This external review process is in addition to any other procedures or remedies available and is completely voluntary; Members are not obligated to request external review. However, failure to participate in external review may cause the Member to give up any statutory right to pursue legal action against Blue Shield regarding the disputed service. For more information regarding the external review process, or to request an application form, please contact Customer Service.

Department of Managed Health Care Review

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-888-319-5999** and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance.

You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency or urgent medical services.

The Department also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(711)** for the hearing and speech impaired. The Department's Internet Web site, (<http://www.dmhc.ca.gov>), has complaint forms, IMR application forms, and instructions online.

In the event that Blue Shield should cancel or refuse to renew the enrollment for you or your Dependents and you feel that such action was due to reasons of health or utilization of benefits, you or your Dependents may request a review by the Department of Managed Health Care Director.

PPO plans at a glance

Broad coverage, network choice

PPO plans offer you the flexibility and simplicity of direct access to the physicians and specialists in our participating provider networks.

With your PPO plan, you'll enjoy:

- Predictable copayments, deductible, and copayment maximum
- No charge for preventive care
- Access to care outside California and worldwide

Depending on your company's plan, you may also have benefit coverage for:

- Infertility
- Substance use disorder

See your *Evidence of Coverage* (EOC) document at the end of this booklet. In the EOC you can understand your copayment and coinsurance amounts and review your member rights and responsibilities. You can also check with your company's plan administrator for your specific benefit coverage.

Subscriber rights and responsibilities

As a member, you have certain rights and responsibilities that are detailed in the EOC. Blue Shield currently makes each EOC available online at [blueshieldca.com/policies](https://www.blueshieldca.com/policies). You also have the right to obtain printed, mailed materials at any time and at no expense to you. To receive printed materials in the mail, to opt out of email communications, or if you have questions, please call the Customer Service number on your Blue Shield member ID card.

More control

Your PPO plan also gives you more control. With this plan, you can go to one of Blue Shield's participating providers or hospitals, or choose to see a non-network provider. In general, you get more for less when you see a participating provider. Here's how your PPO plan works:

When you choose a participating provider:

- You pay for most services until you've met your calendar-year deductible;
- Then, you pay a fixed copayment or copayment percentage.

When you choose a non-participating provider:

- You pay for services until you've met your calendar-year deductible;
- Then, you pay your fixed percentage of Blue Shield's allowable amount, plus any charges above the allowable amount.

Your Blue Shield ID card

We recommend that you carry your Blue Shield member ID card with you at all times. When you receive care, your physician or other healthcare provider will ask to see it. Call Customer Service or log in to [blueshieldca.com](https://www.blueshieldca.com) if you lose your ID card, or need to order or print another one.

Choosing doctors and other healthcare providers

With Blue Shield's PPO plans, you have the option to go to a participating or non-participating doctor or hospital each time you access care.

Participating providers are those who are in our PPO networks.

- Blue Shield of California PPO members have a choice of providers through our PPO network of more than 71,000 doctors and 370 hospitals.
- Blue Shield of California Life & Health Insurance Company (Blue Shield Life) PPO plan members have access to providers through the Blue Shield Life provider network of more than 62,000 doctors and 350 hospitals. Your preventive care, such as routine checkups, immunizations, and well-baby care, is covered at no extra charge only when you go to a participating provider. It is not covered when you go to a non-participating provider.

Non-participating providers are health professionals in the community who do not participate in our PPO networks.

Finding a participating provider

To find a Blue Shield participating provider, you can:

Search online at blueshieldca.com/fad

Go to blueshieldca.com/fad to search for physicians or hospitals, or download a copy of our directory. You can customize your search to specify providers by gender, specialty, language preference, and location.

To determine the availability of language services during medical visits, please consult the directory or call Customer Service at the number provided in your EOC document.

Find a Doctor quality indicators

Get easy, online access to quality scores and patient satisfaction scores with the Find a Doctor Performance Profile, within the *Find a Doctor* tool.

Request a provider directory

If you would like a printed copy of our PPO directory, call Customer Service at the telephone number listed on your Blue Shield ID card.

Seeing a non-participating provider

With your PPO plan, you can see any licensed healthcare provider you choose. Here's how to access a provider who is not in the Blue Shield PPO network:

1. Make an appointment with the provider you choose.
2. Pay the non-participating provider directly for the entire cost of your care.
3. Submit a claim to Blue Shield within one year of the month you receive the services. We will notify you of our coverage decision within 30 days of receiving your claim. For your convenience, you can access claim forms by logging in to blueshieldca.com, or call the Customer Service number on your ID card.

We will keep track of all approved claims and apply the appropriate amount toward your calendar-year deductible and calendar-year copayment maximum. If you've already met your deductible or copayment maximum for the year, we will reimburse you for the benefit amount owed.

Reminder: Blue Shield does not have contracts with non-participating providers. So, in addition to your cost share, when you receive care from a non-participating provider (except at a participating facility), you are responsible for paying any amounts a non-participating provider charges above Blue Shield's allowable amount. These charges can be substantial.

For detailed information about the copayments, maximums, and deductibles specific to your PPO plan, see your EOC document at the end of this booklet. You'll also find personalized plan information when you log in to blueshieldca.com.

Prior authorization and benefit management

Our Benefit Management Program helps you and your doctors ensure that the medical services you receive are:

- Appropriate and medically necessary
- Covered under your health plan
- Provided at the most appropriate and cost-effective level, consistent with accepted standards of medical practice

You must follow some steps before you receive certain services or treatment. These steps vary slightly depending on the service you need, as outlined below.

Services that require prior authorization

Among the medical services that require prior authorization are:

- Select outpatient services
- Inpatient admission to a hospital (non-emergency)
- Admission to an acute rehabilitation facility
- Admission to a long-term acute care facility
- Admission to a skilled nursing facility
- Admission to a hospice program
- Non-routine mental health and substance use disorder services/non-emergency inpatient (contact Blue Shield's mental health service administrator [MHSA])
- Select advanced imaging and spine/pain services
- Transplants

Medical services that require prior authorization are outlined in your EOC document at the end of this booklet.

You or your physician can contact our Medical Management department for help with any prior authorization service requests.

Without prior authorization for required services, you may incur an additional fee beyond your deductibles and copayments for inpatient admissions. Also, some services may not be covered, or there may be a reduction in payment.

Using your prescription drug coverage

Drug benefits and applicable prescription copayments and deductibles vary among different types of health plans. To find details about your drug coverage:

- Check your EOC document at the end of this booklet; or
- Go to blueshieldca.com and log in; or
- Call the Customer Service number shown on your Blue Shield ID card.

Then make the most of your prescription drug benefit and help to manage your costs by following these simple steps:

1. Check our formulary

The formulary is a list of prescription drugs that are covered by the benefit plan, and is one of the ways we're managing treatment quality and keeping medication costs down for you.

You can view our formulary two ways:

Search online. Go to blueshieldca.com/pharmacy and select *Drug Formularies* to:

- Search for drugs and find out if they are included in our formulary
- See the drug tier placement for your drugs
- Find generic alternatives for brand-name drugs (when available)
- Review coverage restrictions or prior authorization requirements

Get a printed copy. You can download a printable version of our formulary from blueshieldca.com/pharmacy.

2. Get authorization, if needed

Prior authorization is when a prescriber must demonstrate medical necessity before a drug is covered. Prior authorization helps to promote patient safety and keep the cost of health care affordable.

- While your Blue Shield plan may cover the drugs listed in our formulary, some drugs may require prior authorization for medical necessity.

- Most medications are covered by Blue Shield without requiring prior authorization. However, some select drugs require a physician to provide information about the patient's prescription and medical history to determine if the medication is a medical necessity. Drugs requiring prior authorization for medical necessity are listed in the formulary with "PA."
- If a pharmacy tries to process a prescription that requires prior authorization, we will notify them immediately, and they can assist in having your physician contact Blue Shield Pharmacy Services to begin the prior authorization process.

You may also contact Blue Shield Customer Service at **(800) 443-5005** or [TTY: **711**] to request prior authorization.

3. Consider a generic alternative

Choosing generic drugs when they are available, instead of brand-name drugs, is one of the easiest ways to reduce your prescription costs. Generic drugs often have a lower copayment than brand-name drugs.

The Food and Drug Administration (FDA) requires that generic drugs have the same active ingredient(s) as well as the same quality, strength, purity, and potency as their brand-name counterparts. This means that generic drugs are just as safe and effective – and can cost you less money.

In some cases, a generic version of a brand-name drug may not be available. Once a brand-name drug has been approved by the FDA, it is protected under patent for many years. During this time, generic versions of the drug cannot be made.

Fortunately, generic drugs are available for most common medical conditions including acid reflux, allergies, depression, diabetes, high blood pressure, high cholesterol, and insomnia, and can help you save money on prescription drug costs. Talk to your doctor or local pharmacist to learn more about available generic drugs.

4. Fill your prescription

At a network pharmacy

Our pharmacy network includes more than 5,800 pharmacies in California and 57,000 pharmacies nationally, including all major retail chains. To find a local network retail, mail service, or specialty pharmacy, go to blueshieldca.com/pharmacy and select *Pharmacy Networks* to look up a retail pharmacy by name or location, or to find a specialty pharmacy. Or, call the Customer Service number on your ID card.

Simply present your Blue Shield ID card at a retail network pharmacy to receive up to a 30-day supply of covered medications with your applicable copay.

At a non-network pharmacy

If you have to fill a prescription outside our pharmacy network, follow these steps:

1. Pay the pharmacy for the entire cost of the prescription.
2. Submit a completed direct reimbursement claim form for review within one year of filling the prescription. Call Customer Service to request a pharmacy claim form and address.

To locate a network pharmacy, go to blueshieldca.com/pharmacy and select *Pharmacy locator* or call the toll-free Customer Service number on your Blue Shield ID card.

Specialty pharmacy network

Specialty drugs are drugs requiring coordination of care, close monitoring, or extensive patient training that generally cannot be met by a retail pharmacy and are available through our specialty pharmacy network. Specialty drugs may also require special handling or manufacturing processes, have limited prescribing or pharmacy availability, or require reporting of certain clinical events to the FDA. Specialty drugs are generally high-cost. Specialty drugs may be self-administered by injection, by inhalation, orally, or topically.

Specialty drugs are available through our specialty pharmacy network. For more information, go to blueshieldca.com/pharmacy and select *Pharmacy Networks*.

Mail service prescriptions

Blue Shield provides access to the mail service drug benefit through CVS Caremark Mail Service Pharmacy™. It offers you the convenience of receiving up to a 90-day supply of covered maintenance drugs,* delivered to your home or office, with no charge for shipping.

How to receive your prescriptions by mail

Step 1: Register with CVS Caremark Mail Service Pharmacy

To receive covered medications from CVS Caremark Mail Service Pharmacy, you must first register and provide basic information. This includes your name, shipping address, payment method, and drug allergies. You can register online, by phone, or by mail.

Step 2: New prescriptions

Once you are registered, CVS Caremark will need your prescription. This can be sent electronically or by phone, fax, or mail.

- **Electronically** – Ask your doctor to send an electronic prescription for a 90-day supply to CVS Caremark. This is called “e-prescribing” and is the simplest way to send a prescription.
- **By phone or fax** – Request your doctor to submit your prescription for a 90-day supply by phone or fax to CVS Caremark.
- **By mail** – Mail your prescription using the CVS Caremark mail order form. You can fill out and print the form online.

You can pay using an electronic check or a credit card (Visa, MasterCard, Discover, or American Express). Or, you can pay by check or money order. Do not send cash.

Step 3: CVS Caremark delivers

Please allow 10 to 14 business days to receive your covered maintenance medications through CVS Caremark. Once your prescription is on file at CVS Caremark, please allow five to eight business days to receive refills of your covered medications.

Refilling your mail service prescriptions

Once your prescription has been filled by CVS Caremark, you may order a refill in one of the following ways:

- **Online** – Ordering refills is convenient, fast, and easy at caremark.com. Register online to receive refill reminders and other important updates.

* Generally, the drugs provided through mail service are drugs that you take on a regular basis for a chronic or long-term medical condition.

- **By phone** – Call the toll-free number on your prescription label for a fully automated refill service.
- **By mail** – You will receive an order form with every mail service order. Simply fill in the ovals for the refills you want to order. If you need a refill for a prescription not listed on the form, write the prescription number in the space provided. Send the form to CVS Caremark along with your payment.

To find out more about your drug benefits, including copayments and deductibles, check your EOC document at the end of this booklet, log in to blueshieldca.com, or call Customer Service at **(800) 443-5005** or [TTY: 711].

Preventive care and other physician office visits

Preventive care

Preventive care can keep you on the road to good health. Routine physical exams, screenings, and immunizations are important steps in preventing illness and detecting illness before symptoms arise.

With your PPO plan, your preventive care is covered at no charge when you go to a participating provider, and there's no deductible to meet first. Preventive and well-baby care are not covered if you go to a non-participating provider.

Make an appointment with a participating provider when you need:

- Immunizations
- Annual routine physical exam
- Annual gynecological exam and mammography screening for women
- Preventive lab tests ordered during routine health exams

You can chart your path to good health with our Preventive Health Guidelines located at blueshieldca.com/preventive.

Specialist care

With your PPO plan, you don't need a referral to see a specialist. You'll pay lower out-of-pocket costs when you choose a specialist within our large participating provider network.

If you choose a non-participating provider, you first have to meet your calendar-year deductible. Then you pay your copayment – a percentage of Blue Shield's allowable amount – plus any charges above the allowable amount.

Inpatient hospital care

Choosing a hospital

If you need to be hospitalized, you receive higher benefit coverage – and pay less – when you choose one of our participating hospitals.

If you go to a hospital that is **not** in our participating network, your copayment is:

- A percentage of Blue Shield's allowable amount for services received
- Plus, you pay for all charges above the allowable amount

Note: Inpatient *physician* services, such as physician visits, surgery, and anesthesia administration, are usually billed separately from inpatient *hospital* services.

Calling for prior authorization and pre-admission review

Blue Shield is responsible for authorizing and reviewing inpatient care. By doing so, we ensure you receive coverage for medically necessary services and that your care is well-coordinated among the healthcare providers who are treating you.

You or your physician must call us:

- Within 24 hours of an emergency hospital admission, or the next business day, or as soon as reasonably possible
- At least five business days before a proposed non-emergency admission

You may incur an additional fee beyond your deductibles and copayments for inpatient admissions if the above notification requirements are not met. Also, some services may not be covered, or there may be a reduction in payment if prior authorization and pre-admission review requirements are not met.

Tip: Call first! Contact Customer Service at the telephone number listed on your Blue Shield ID card to verify that the inpatient treatment or procedure that you expect to receive is covered by your health plan, and to obtain prior authorization if necessary.

Outpatient surgery

When you need outpatient surgery, we have ambulatory surgery centers (ASCs) within our participating provider network to serve you. Our network ASCs provide quality care and cost you less than if you go to a non-participating ASC. Network ASCs may also charge significantly less for the same outpatient procedures than a network hospital.

Whether or not surgery at an ASC is right for you depends on your medical condition and specific health needs. Talk to your physician if you think an ASC may be a good choice for you. To see the cost differences, refer to your EOC document at the end of this booklet.

You can find a participating ASC three ways:

1. Go to blueshieldca.com/fad. Click on *Facilities* and under "Facility type" select *Ambulatory Surgery Centers*.
2. Check a printed copy of our *PPO and Blue Shield Life Physician, Hospital, Urgent Care, and Ambulatory Surgery Center Directory*.
3. Call the Customer Service number shown on your Blue Shield ID card.

Urgent care

Urgent care centers (UCCs) offer non-emergency care when personal physicians are not available, without incurring the higher expense of emergency room (ER) services.

PPO members can visit any UCC, but save the most money when they visit UCCs contracted with Blue Shield. They can find the closest Blue Shield–contracted UCCs online by visiting blueshieldca.com/fad.

Retail clinics

Whether you want your cholesterol checked, you hurt your ankle, or you have a child with a sore throat, CVS MinuteClinic™,* and Target Clinic can help. These retail clinics offer affordable, non-emergency healthcare services seven days a week – and you don't need an appointment.

About the clinics

MinuteClinic and Target Clinic walk-in healthcare centers are staffed by board-certified nurse practitioners focused on preventive care, vaccinations, and treatment for minor illnesses and injuries.†

The clinics are:

- **Quick** – Visits take about 15 minutes,‡ and you never need an appointment.
- **Affordable** – Copayments are the same as a physician office visit.
- **Convenient** – They're located in select locations and CVS and Target stores, and are open every day.

Find a MinuteClinic

Visit MinuteClinic the next time you need affordable, non-emergency medical care. To find a contracted MinuteClinic, just go to blueshieldca.com/fad. Choose "Facilities" and click on *Advanced Search*. Under "Facility type," choose *Retail Health Clinics*. Edit the "Located near" field, or keep the defaults. Click *Find now* to see results.

MinuteClinic national locator on CVS website: cv.com/minuteclinic/clinic-locator.

Target Clinic: target.com/clinic. (Click on *Clinic locator* on the left-hand navigation.)

Emergency care

Emergency services are services provided for a medical condition, including a psychiatric emergency medical condition, manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

1. Serious jeopardy to the member's health
2. Serious impairment to bodily functions
3. Serious dysfunction of any bodily organ or part

For emergency care, your network cost share applies whether services are provided by a participating or non-participating facility.

If you have an accident or medical condition that requires emergency care, call 911 or go directly to the nearest medical facility.

Notify Blue Shield

For emergency room visits that result in direct admission to the hospital, you or a family member must notify Blue Shield Medical Management within 24 hours of receiving inpatient emergency care, or by the end of the first business day following treatment, or as soon as it is reasonably possible to do so. Doing so ensures you receive

* MinuteClinics are available to Blue Shield PPO plan members in San Diego, Orange, Riverside, and Los Angeles counties. Members must access locations participating in the Blue Shield provider network associated with their health plan for copayment at participating provider level to apply.

coverage for medically necessary services and enables us to work closely with the hospital or physician so that you receive the care you need.

Mental health emergencies

All network emergency services for mental health or substance use disorder are managed and reviewed by our mental health service administrator (MHSA). Contact Blue Shield's MHSA within 24 hours of emergency treatment or as soon as reasonably possible. See the "Mental health or substance use disorder care" section of this booklet for more details. Accessing care outside California

The BlueCard® and Blue Shield Global Core programs connect you and your family to care outside California and around the world. Within the United States, you have access to care whether you need care in urban or rural areas. Outside of the United States, you have access to doctors and hospitals around the world through the Blue Shield Global Core Network.

For more information on which services are covered, see the "Prior authorization and benefit management" section of this booklet, or your EOC document.

In the United States

Step 1: Find a BlueCard provider

- Call the Customer Service Center at the toll-free number listed on your Blue Shield ID card, or call **(800) 810-BLUE (2583)**; or
- Go to provider.bcbs.com.

Step 2: See the BlueCard network provider nearest you for covered services

- If you need emergency care, go to the nearest hospital. If you are admitted, call Blue Shield at the number on your ID card within 24 hours, or as soon as reasonably possible.
- If you need to go to a hospital for non-emergency care, the hospital will contact

us to confirm your coverage and bill us for your covered inpatient hospital services. You pay the hospital copayment/deductible outlined in your EOC document for covered inpatient hospital services.

- Covered inpatient physician services, such as physician visits, surgery, and anesthesia administration, are usually billed separately from inpatient hospital services.
- If you go to a network doctor's office, you pay only your copayment at the time of service (for covered services). The doctor will bill us directly, and you don't have to file a claim.

Step 3: Notify your physician

When you return home, notify your physician about the care you received, so he or she can provide necessary follow-up care.

Step 4: Submit claims

When you receive services outside of California, network providers will submit your claim to the local Blue plan for you. You only need to file a claim with us when the provider is non-network and will not send the claim to the local plan on your behalf.

Outside the United States

Step 1: Find a Blue Shield Global Core provider

- Call the Customer Service Center toll-free number listed on your Blue Shield ID card, or call the Global Core Service Center collect at **(804) 673-1177**.

Step 2: See the Blue Shield Global Core Network provider nearest you for covered services

- If you need emergency medical care while outside of the United States, go to the nearest hospital. To locate a hospital, call the Global Core Service Center at **(800) 810-BLUE (2583)** or collect at **(804) 673-1177**.
- If you need non-emergency inpatient medical care, call the Global Core Service Center at **(800) 810-BLUE (2583)** or collect at **(804) 673-1177**. The service center will facilitate hospitalization at a Global Core hospital or make an appointment with a doctor. You must call the service center in order to obtain non-cash access for inpatient care. The service center is staffed with multilingual representatives and is available 24 hours a day, seven days a week.

- If precertification or prior authorization is required, you must call Blue Shield at the phone number on the back of your ID card.
- If you go to a doctor's office, you must pay for all the services you receive at the time you receive them, and then submit an itemized copy of the provider's bill with an international claim form to us for reimbursement.

Step 3: Notify your physician

When you return home, notify your physician about the care you received, so he or she can provide necessary follow-up care.

Step 4: Submit claims

For inpatient care at a Blue Shield Global Core Network hospital that was arranged through the Global Core Service Center, you only pay the provider the usual out-of-pocket expenses (for non-covered services, deductible, copayment, and coinsurance). The provider files the claim for you.

For all outpatient and professional medical care, you pay the provider and submit an international claim for reimbursement. You may also have to pay the hospital and submit a claim for inpatient care obtained from a non-network hospital or when inpatient care was not arranged through the Blue Shield Global Core Service Center. Please be sure to get an itemized bill from the provider to submit with your claim.

Submit all claims within one year of the month you received the services to:

Blue Shield of California
International Claims
P.O. Box 272550
Chico, CA 95927-2550

Claim forms are available online at blueshieldca.com or from Customer Service at the phone number on your ID card.

We will notify you of our coverage decision within 30 days of receiving your complete claim. International claims in another language must be translated to English, with dollar amounts reflecting the current exchange rate. If you have any questions about claims, call Customer Service at the number on your ID card.

Mental health or substance use disorder care

Blue Shield's mental health service administrator (MHSA) manages mental health and substance use disorder services for our members. These services are provided by Blue Shield's MHSA network of psychiatrists, psychologists, and other mental health professionals.

Exception: Any medically necessary inpatient detoxification services for substance use disorder will be covered under your medical benefits and provided by Blue Shield participating providers or non-participating providers. You or your physician can contact our Medical Management department for help with any prior authorization requests for these services.

As with all PPO plan services, you'll pay less and receive higher benefit coverage when you see a participating provider. (Participating providers are the psychiatrists, psychologists, and other mental health professionals who are part of Blue Shield's MHSA network.)

Step 1. Choose a provider three ways:

- Call the Blue Shield MHSA at (877) 263-9952.
- Go to [blueshieldca.com/fad](https://www.blueshieldca.com/fad). Click on *Doctors* and under "Doctor type or specialty," select *Mental Health Caregivers*.
- If you don't have Internet access, you can obtain a printed copy of the *Behavioral Health Provider Directory* by calling Blue Shield Customer Service or the Blue Shield MHSA.

Step 2. Obtain prior authorization. All non-emergency mental health and substance use disorder inpatient admissions, including residential care, and non-routine outpatient mental health and substance use disorder services require prior authorization by the MHSA.

For prior authorization of mental health and substance use disorder services, the MHSA participating provider should contact the MHSA at (877) 263-9952 at least five business days prior to the admission.

Step 3. Make an appointment with the network clinician you have selected and for whom you have prior authorization.

Non-participating providers

Outpatient care – with any licensed provider for a higher copayment

Step 1. Choose a provider. You may receive covered outpatient MHSA services from a provider who is not in the Blue Shield MHSA network.

Step 2. Make an appointment. You can call the provider's office directly to schedule an appointment for outpatient services.

Inpatient care

Call Blue Shield's MHSA before receiving hospital services. Prior authorization is required for non-emergency admission, whether you receive services from a hospital that is in the Blue Shield MHSA network or one that is not.

For non-emergency care, Blue Shield's MHSA will respond to your request for prior authorization within five business days. For urgent care – when the duration of the routine decision process might result in jeopardizing the life or health of the member – the Blue Shield MHSA or a Blue Shield representative will respond within 72 hours of receiving the request for prior authorization from you, your physician, or your representative.

Planning ahead

Here is some advance planning information you should consider.

Organ donation

It's estimated that more than 100,000 Americans – including 21,000 people in California alone – are waiting for a donor organ that could save their lives. About 400 new candidates are added to the waiting list each month.

One donor can save or help as many as 50 people through organ and tissue transplantation. You can make the difference between life and death by becoming an organ donor. Here's how:

- Sign up for organ donation at **donatelifecalifornia.org**. This information-rich website is connected with all major organ procurement organizations.
- Fill out a donor card. You can get a free donor card from the California Transplant Donor Network at **donornetworkwest.org**. Be sure to sign it and keep it with your driver's license.

After you decide to become an organ donor, be sure to tell your doctor and your family members. Unless you have registered with the state-sponsored organ donor registries, family members must consent to organ donation even if you have signed a donor card.

The following organizations are also good resources for information about organ and tissue donation:

Organ and tissue donation contacts	
Donate Life California	(866) 797-2366 donatelifecalifornia.org
Caring Connections	(800) 658-8898 caringinfo.org

Lifesharing Community Organ and Tissue Donation	(619) 543-7225 lifesharing.org
OneLegacy Orange County	onelegacy.org
OneLegacy Riverside/ Inland Empire	onelegacy.org

Advance directives

It's important to have legal documents in place should you become too sick to make healthcare decisions for yourself.

An advance healthcare directive is a legally binding document in California that allows you to name a person or "agent" to make decisions about your health care when you are unable to do so yourself. You can choose any adult except your doctor or an employee of a healthcare facility where you are receiving care, unless that person is related to you or is a co-worker.

- Choose as your agent a person who you trust will respect your wishes and remain calm in a time of crisis. It's also wise to name a second person in case the first is not available.
- Consult your doctor, family, and friends when you create your advance directive.
- Put your wishes in writing and be as specific as possible.
- Give a copy to all your doctors to put in your file, and distribute copies to family members and friends, so they all know what types of care you do and do not desire in such a situation.

- If you are present or otherwise available to direct us to do so, we may disclose your PHI to others, for example, a family member, a close friend, or your caregiver.
- If you are in an emergency situation, are not present, are incapacitated, or if you are deceased, we will use our professional judgment to decide whether disclosing your PHI to others is in your best interest. If we do disclose your PHI in a situation where you are unavailable, we will disclose only information that is directly relevant to the person's involvement

with your treatment or for payment related to your treatment. We may also disclose your PHI in order to notify (or assist in notifying) such persons of your location, your general medical condition, or your death.

- We may disclose your minor child's PHI to the child's other parent.

- **Disclosures to your plan sponsor.** We may disclose PHI to the sponsor of your group health plan, which may be your employer, or to a company acting on behalf of the plan sponsor, so that they can monitor, audit, and otherwise administer the health plan you participate in. Your employer is not permitted to use the PHI we disclose for any purpose other than administration of your benefits. See your plan sponsor's plan documents for information about whether your employer/plan sponsor receives PHI, and for a full explanation of the limited uses and disclosures that the plan sponsor may make of your PHI.

- **Disclosures to vendors and accreditation organizations.** We may disclose your PHI to:
 - Companies that perform certain services on behalf of Blue Shield. For example, we may engage vendors to help us provide information and guidance to members with chronic conditions like diabetes and asthma.
 - Accreditation organizations such as the National Committee for Quality Assurance (NCQA) for quality measurement purposes.

Please note that before we share your PHI, we obtain the vendor's or accreditation organization's written agreement to protect the privacy of your PHI.

- **Communications.** We may use your PHI to contact you with information about your Blue Shield health plan coverage, benefits, health-related programs and services, treatment reminders, or treatment alternatives available to you. We do not use your PHI for fundraising purposes.

- **Health or safety.** We may disclose your PHI to prevent or lessen a serious and imminent threat to your health or safety, or the health or safety of the general public.

- **Public health activities.** We may disclose your PHI to:

- Report health information to public health authorities authorized by law to receive such information for the purpose of preventing or controlling disease, injury or disability, or monitoring immunizations.

- **Compliance with the law.** We may use and disclose your PHI to comply with the law.
- **Judicial and administrative proceedings.** We may disclose your PHI in a judicial or administrative proceeding or in response to a valid legal order.
- **Law enforcement officials.** We may disclose your PHI to the police or other law enforcement officials, as required by law or in compliance with a court order or other process authorized by law.
- **Government functions.** We may disclose your PHI to various departments of the government, such as the U.S. military or the U.S. Department of State, as required by law.
- **Workers' compensation.** We may disclose your PHI when necessary to comply with workers' compensation laws.

Uses of PHI that require your authorization.

Other than for the purposes described above, we must obtain your written authorization to use or disclose your PHI. For example, we will not use your PHI for marketing purposes without your prior written authorization, nor will we give your PHI to a prospective employer without your written authorization.

Uses and disclosure of certain PHI deemed "highly confidential." For certain kinds of PHI, federal and state law may require enhanced privacy protection. This includes PHI that is:

- Maintained in psychotherapy notes.
- About alcohol and drug abuse prevention, treatment, and referral.
- About HIV/AIDS testing, diagnosis, or treatment.
- About venereal and/or communicable disease(s).
- About genetic testing.

We can only disclose this type of specially protected PHI with your prior written authorization except when specifically permitted or required by law.

Authorization cancellation. At any time, you may cancel a written authorization that you previously gave us. When submitted to us in writing, the cancellation will apply to future uses and disclosures of your PHI. It will not affect uses or disclosures made previously, while your authorization was in effect.

Your individual rights

You have the following rights regarding the PHI that Blue Shield creates, obtains, and/or maintains about you:

- **Right to request restrictions.** You may ask us to restrict the way we use and disclose your PHI for treatment, payment, and healthcare operations, as explained in this Notice. We are not required to agree to your restriction requests, but we will consider them carefully.

If we agree to a restriction request, we will abide by it until you request or agree to terminate the restriction. We may also inform you that we are terminating our agreement to a restriction. In that case, the termination will apply only to PHI created or received after we have informed you of the termination.

- **Right to receive confidential communications.** You may ask to receive Blue Shield communications containing PHI by alternative means or at alternative locations. As required by law, and whenever feasible, we will accommodate reasonable requests. We may require that you make your request in writing. If your request involves a minor child, we may ask you to provide legal documentation to support your request.
- **Right to access your PHI.** You may ask to inspect or to receive a copy of certain PHI that we maintain about you in a "designated record set." This includes, for example, records of enrollment, payment, claims adjudication, and case or medical management record systems, and any information we used to make decisions about you. Your request must be in writing. Whenever possible, and as required by law, we will provide you with a copy of your PHI in the form (paper or electronic) and format you request. If you request a copy of your PHI, we may charge you a reasonable, cost-based fee for preparing, copying, and/or mailing it to you. In certain limited circumstances permitted by law, we may deny you access to a portion of your records.
- **Right to amend your records.** You have the right to ask us to correct or amend the PHI that we maintain about you in a designated record set. Your request must be made in writing and explain why you want your PHI amended. If we determine that the PHI is inaccurate or incomplete, we will correct it if permitted by law. If a doctor or healthcare facility created the PHI that you want to change, you should ask them to amend the information.
- **Right to receive an accounting of disclosures.** Upon your written request, we will provide you with a list of the disclosures we have made of your PHI for a specified time period, up to six years prior to the date of your request. However, the list will exclude:
 - Disclosures you have authorized.
 - Disclosures made earlier than six years before the date of your request.
 - Disclosures made for treatment, payment, and healthcare operations purposes, except when required by law.
 - Certain other disclosures that we are allowed by law to exclude from the accounting.

If you request an accounting more than once during any 12-month period, we will charge you a reasonable, cost-based fee for each accounting report after the first one.
- **Right to name a personal representative.** You may name another person to act as your personal representative. Your representative will be allowed access to your PHI, to communicate with the healthcare professionals and facilities providing your care, and to exercise all other HIPAA rights on your behalf. Depending on the authority you grant your representative, he or she may also have authority to make healthcare decisions for you.
- **Right to receive a paper copy of this Notice.** Upon your request, we will provide a paper copy of this Notice, even if you have agreed to receive the Notice electronically. See the "Notice Availability and Duration" section of this Notice.
